**MARTIN HOGAN DYING.**

Was Taken From Van Dieman's Land After Being Sentenced For Treason.

(Associated Press.)

Chicago, Nov. 25.—Martin Hogan, an Irish patriot who was rescued from Van Dieman's Land, Australia, in 1893 by a ship sent out for that purpose, is dying at the county hospital. He is one of the seven men convicted with John Boyle O'Reilly in 1893 of treason against the British government and sentenced to be shot. The sentence was commuted to life imprisonment and afterward reduced to twenty years' penal servitude. With O'Reilly he was confined in various English prisons until 1907, when, with his companions, he was banished to Van Dieman's Land, the English penal colony in Australia.

Hogan, who has lived in Chicago for more than a quarter of a century, has been in straightened circumstances for a long time, and on November 16th he was taken to the county hospital.

**AFTER MANY YEARS.**

Door in Historic Church in Old Oxford Township Has Been Re-opened.

(Associated Press.)

Philadelphia, Pa., Nov. 25.—The main door in the historic Trinity Protestant Episcopal church, in Old Oxford township, a suburb of this city, was opened yesterday for the first time since the days of the revolutionary war. Exercises appropriate to the occasion were conducted by Rev. E. L. Bissell, the rector. During the revolution the American forces, under "Mad Anthony" Wayne, encamped near the church, and General Wayne established temporary headquarters at the "At the Old Soldier Inn," which still stands close by. It is a matter of tradition that General Washington passed several days at the inn. In the records of Trinity church it appears that he issued orders to the soldiers that the church property was not to be invaded under any pretext. Since that time the door had remained closed.

**LIVERPOOL BANK FRAUDS.**

Police Have Recovered Part of Money—Dick Burge, the Pugilist, Has Been Arrested.

(Associated Press.)

London, Nov. 25.—The pugilist Dick Burge, was arrested in London this morning on a charge of complicity in the Bank of Liverpool fraud. It is said that the police have recovered a large amount of the money that was taken. The sum discovered aggregate £100,000. A number of other arrests are anticipated. An embargo has been placed on the banking account of a well known bookmaker. Later in the day Burge was brought up in the Bow street police court, charged with uttering checks aggregating £80,000, when knowing them to be forged and was remanded.

**POLES IN GERMANY.**

Anti-Chamberlainites Can Easily Find Food for Reflection at Home.

(Associated Press.)

New York, Nov. 25.—The Vienna Vaterland, quoted by the correspondent of the London Times and New York Times in the Austrian capital, says: "Just at the moment when the agitation in Germany against the barbarism and brutality of the English in the South African war has reached a climax, it is proved by judicial sentences that in the midst of peace the children, under German rule, are subjected to sanguinary ill-treatment, and that Polish parents, guilty only of protesting, are thrust into prison."

**BULL FIGHTING.**

Large Attendance at Opening of Season in Mexico.

(Associated Press.)

Mexico City, Nov. 25.—The bull fighting season in Mexico opened on Sunday with Mazzanti, the Spanish matador, in the arena. Many prominent people, well known in the political world, were present. Two boxes were occupied by some of the members of the United States delegation and other delegations to the Pan-American conference. The performance itself did not come up to expectations.

**THE QUEEN IMPROVING.**

The Hague, Nov. 25.—Queen Wilhelmina is improving so satisfactory that Prince Henry will leave Helleo tomorrow on a short visit to Prussia.

**FIGHTING THE COMBINE.**

Minnesota Legislature Will Be Asked to Supply the Funds.

(Associated Press.)

St. Paul, Minn., Nov. 25.—The Pioneer Press says that Governor Van Sant has determined to fight the great railway combine, as represented by the Northern Securities Company, to the last ditch. He has decided to call an extra session of the legislature for about February 1st for the purpose of providing funds for the legal battle, and says that should the legislature fail to appropriate the amount asked for he will use his own private purse to carry on the contest.

**JUDGE MURDERED.**

(Associated Press.)

San Diego, Cal., Nov. 25.—The murder of Learno Fleror, judge of the Alameda district, in Lower California, is reported from below the line, and again the crime is laid at the door of a border outlaw who is wanted on both sides of the line for almost every crime from murder down. Morales, the outlaw, was away from his haunts near the line at the time the crime was committed, and the fact that he had threatened some sort of punishment for Fleror gives color to the claim that he handled the revolver that ended the judge's life.

## DAMAGE AMOUNTS TO ONE MILLION

### GREAT STORM WROUGHT HAVOC ALONG COAST

**Many Small Vessels Wrecked and Piers Damaged—Telegraph and Telephone System Seriously Interrupted.**

(Associated Press.)

New York, Nov. 25.—The great storm which came speeding up from the south on Saturday night has spent its force in this side of the Atlantic, and the waters driven up on lowland and beach are subsiding.

A more careful survey of the storm-swept coast indicates that the aggregate damage will exceed the general estimates of yesterday. Hundreds of small craft were wrecked or badly damaged; wharves and piers at every exposed point were battered, many buildings at seaside resorts were unroofed, lowlands were flooded, city cellars were filled and hundreds of town houses were damaged. Estimates of the aggregate damage done runs slightly below and considerably above \$1,000,000.

Storm bound shipping was released early to-day but sea coast railroads and trailer service will jump until washouts are filled in. Lincolnton, where busy restoring prostrated wires to-day, but it will be a couple of days before telegraph and telephone services are completely restored.

**Five Lives Lost.**

Philadelphia, Pa., Nov. 25.—Advises received by the Maritime Exchange state that five men were drowned yesterday at Long Branch during the height of the northeast storm, which swept the Atlantic coast on Saturday night and Sunday. The men are supposed to have been members of the crews of the barges Wilmore and Grant, which were lost by the tug Eureka, which arrived in New York yesterday and reported that it had lost its tow, and had no tidings of either crew.

## SHE REFUSED TO PAY HER HUSBAND'S DEBTS

### Money Matters Were the Cause of Recent Trouble Between Queen Wilhelmina and Prince Henry.

(Associated Press.)

New York, Nov. 25.—In connection with Queen Wilhelmina's illness the following particulars have been published, says the Amsterdam correspondent of the Journal and Advertiser:

"It seems that before his marriage Prince Henry lived for a time at a pace beyond his means, and as a consequence fell into the hands of money lenders. The debts he contracted in those days were to be settled after his marriage with the rich young Queen, and quite recently Henry made a clean breast of the matter to her. Upon learning all the particulars Queen Wilhelmina declined point blank to pay her consort's debts, the result being a very violent scene between them, which ended in Henry rushing away to Germany and Wilhelmina being taken ill. It is said that only the most important telegrams sent to him by the Queen's mother, Queen Emma, induced Henry to return to Holland.

"The Queen's mother is anxious to preserve appearances at least. Since his return to Holland, Henry has not been once to the palace where his Queen is. As a proof of the serious character of the Queen's illness, in spite of all reassuring reports to the contrary, may be mentioned the fact that a recent official gazette did not contain a single Royal command, which is an unprecedented state of things."

## SMASH-UP ON RAILWAY.

Several Cars Wrecked Near Port Moody—Two Men Injured.

(Special to the Times.)

Vancouver, Nov. 25.—An in-bound freight train met with an accident yesterday in a cut one mile east of Port Moody. The axle of the drive wheel on the engine was broken and the engine and four cars were piled up in a heap on the line. One car contained apples, and other dry goods and another potatoes, and the latter were scattered in all directions. Two tramps, stealing a ride, were injured, not dangerously, and the brakeman, who was buried in the ruins, escaped with a bruised finger. Traffic was stalled up four hours.

Mr. Humphries, president of the Britannia Mining Company, has returned from Montana, and will commence development work at once on the properties at Howe Sound, adjoining the Britannia.

A boy named William Schreyer shot himself in the knee yesterday while shooting, and the bullet has not yet been extracted.

## NO WORD HAS YET REACHED OTTAWA

### AWAITING MESSAGE REGARDING TROOPS

**Trade and Navigation Returns—This Province is Third for Amount of Duty Collected.**

(Special to the Times.)

Ottawa, Nov. 25.—At 2:30 to-day Government House had no notification from the war office for mounted corps, although there is no doubt it is on its way.

**Canadian Dead.**

The casualties department at Cape Town cables under date of November 22nd that Trooper Arthur Timelick, New Westminster, B. C., is in a precarious condition from wounds at Krugersdorp.

Another cable from the casualty department, Capetown, reports that Rudolph Sauer, of Quebec, died from enteric fever at Pietermaritzburg on November 22nd. He was with the South African Light Horse. His father resides in Quebec.

## SEEKING REFUGE ON THE GUNBOATS

### FIGHTING ON THE ISTHMUS OF PANAMA

**People Are Fleeing From Colon—Report That Government Troops Have Gained Two Victories.**

(Associated Press.)

Colon, Colombia, Nov. 25.—No evening train left Panama yesterday. The government troops are attacking the Liberals at Colon. The government gunboat General Pinzon left her anchorage close to the other warships last night and is now reported to be landing troops on the north end of Colon.

There is much commotion in the streets. People are seeking refuge on board the United States gunboats Mazatlan and Machias, and along the railroad and on the piers.

**Government Victories.**

Washington, Nov. 25.—Mr. Herrera, charge d'affaires of the Colombian legation, to-day received the following cablegram:

"Panama, Nov. 25.—Rebel army completely defeated at Culebra and Empressador. The governor marched last night upon Colon. Traffic interrupted yesterday but will be re-established to-day. (Signed) Arzon, acting governor."

Mr. Herrera early in the day received a dispatch from the acting governor of Panama stating that Governor-General Alvarado had started with a considerable government force to operate against Colon and Linca. It is the intention of the Colombian authorities to combine this land movement with the force on board the gunboat Pinzon, and thus be able to recapture the town of Colon. The Colombian authorities here have not been advised of the purpose to bombard Colon.

**Threatened Bombardment.**

New York, Nov. 25.—Messages from the agent of the Panama Railroad & Steamship Company at Colon were received here to-day at the offices of the company. The cablegrams said that serious fighting was expected at Empressador, a small place on the Panama railroad. They stated that the Machias, Capt. McCrea, had landed more men at Colon, and that the Iowa had for the first time landed marines at Panama.

They also contained information that the Colombian gunboat Gen. Pinzon, had arrived at Colon under the command of Capt. Ignacio Forero, with troops aboard, and that the threatened bombardment of the city of Colon was to take place to-day at 3 o'clock, New York time. They say that the city was in the possession of the rebels and that Capt. McCrea had forbidden the shelling of the town.

Consul-General of Colombia, Debricari, was at his office early. He said that he expected advice regarding the situation.

## KAISER'S GIFT

**States Controls Traffic.**

Washington, Nov. 25.—The United States government has taken charge of the Isthmian transit. A dispatch received at the navy department to-day from Capt. Perry, of the battleship Iowa at Panama, reports that Capt. Perry says that Gen. Albin, with 600 men, is fighting the Liberals on the line near Empressador. Transit in danger of interruption. Capt. Perry has landed with a detachment of men from the Iowa and has started with a train to carry transit and also establish detachments of men to keep it.

Commander McCrea, of the Machias, at Colon, has rebelled the navy department notifying the department of the approaching bombardment of that town and asking for instructions. He has been instructed to take such steps as he deems necessary for the protection of American interests at Colon.

## THE GOLF TOURNEY

**Events of the Autumn Meeting of the Victoria Golf Club This Week.**

The autumn meeting of the Victoria golf club will be held on the 28th, 29th and 30th inst. The events are as follows:

First Day—Men's handicap, 36 holes. Two prizes, one for best scratch score and one for best net score. Entrance fee, \$1.50 (open to all members).

Men's handicap, B class, 18 holes. Entrance fee, \$1.

Second Day—Ladies' handicap, 14 holes. Entrance fee, 50c.

Third Day—Mixed foursomes, 14 holes. Entrance fee, \$1 each couple. For this event, in consequence of short days, players must tee off by 2:45 p.m. All the above events are open to members of the United Service Golf Club.

Members desirous of entering for the handicap events are requested to send their entries to the hon. secretary, W. E. Oliver, 21 Bastion street, on or before 6 p.m. on the 27th inst. Entries for the mixed foursomes will be received up till 6 p.m. on the 29th.

## CORONATION SERVICE

**Report That Several Changes Will Be Made.**

(Associated Press.)

New York, Nov. 25.—Keen interest has been excited by a report, for which a ritualistic paper is responsible, that the ceremonies of doing homage and anointing with oil and the celebration of the Holy Communion will be omitted from the coronation service, says the London correspondent of the Tribune. It seems improbable, however, that the statement is well founded. Nothing is known at Westminster Abbey of such changes, and the English people generally would view with regret the abrogation of the service in any way. The homage is a survival of the old recognition of the sovereign by the people, and although it is no longer necessary to kiss the King's foot, this was done certainly as late as the coronation of Edward VII. The ceremony of anointing dates back to a very remote past. Every English monarch, with the exception of James II., has partaken of Holy Communion at the coronation service.

## THE QUEEN IMPROVING.

The Hague, Nov. 25.—Queen Wilhelmina is improving so satisfactory that Prince Henry will leave Helleo tomorrow on a short visit to Prussia.

## FIGHTING THE COMBINE.

Minnesota Legislature Will Be Asked to Supply the Funds.

(Associated Press.)

St. Paul, Minn., Nov. 25.—The Pioneer Press says that Governor Van Sant has determined to fight the great railway combine, as represented by the Northern Securities Company, to the last ditch. He has decided to call an extra session of the legislature for about February 1st for the purpose of providing funds for the legal battle, and says that should the legislature fail to appropriate the amount asked for he will use his own private purse to carry on the contest.

## JUDGE MURDERED.

(Associated Press.)

San Diego, Cal., Nov. 25.—The murder of Learno Fleror, judge of the Alameda district, in Lower California, is reported from below the line, and again the crime is laid at the door of a border outlaw who is wanted on both sides of the line for almost every crime from murder down. Morales, the outlaw, was away from his haunts near the line at the time the crime was committed, and the fact that he had threatened some sort of punishment for Fleror gives color to the claim that he handled the revolver that ended the judge's life.

## MR. CHAMBERLAIN IS NOT AFFECTED

### COLONIAL SECRETARY'S SPEECH CRITICIZED

Is Not Interested in Storm He Has Raised—The Lowering of the Price of Sugar.

London, Nov. 23.—Once more has Joseph Chamberlain, the colonial secretary, proved his right and title to be the most thoroughly hated British statesman. The storm now raging in Germany over his anti-British remarks on the Prussian army has had a powerful reflex in Great Britain where, regardless of party lines, Mr. Chamberlain has been severely criticized for needlessly "putting his foot into it." On all sides may be heard irritated expressions of opinion by English business men and politicians, who, while they perhaps believe Mr. Chamberlain was correct in what he said, denounce the attitude of such statements. It is recalled that Mr. Chamberlain's utterance regarding the Car and the Anglo-American German alliance has been the cause of the only serious outbreak of anti-British feeling on the continent in recent times.

It is no exaggeration to say that the financial world of England would be delighted to have Mr. Chamberlain ousted when intending to speak on England's foreign relations. As might be expected, Mr. Chamberlain simply takes the whole affair in his usual cynical indifference. He is staying quietly at Birmingham, and is not exhibiting any particular interest in this storm he has raised.

At the colonial office a reporter of the Associated Press was informed that Mr. Chamberlain did not care to enter into any controversy and would stand by what he said. If the German papers continue to misrepresent him it cannot be helped, according to Mr. Chamberlain's point of view. At the other government departments also the belief exists that the whole agitation will die a natural death and that everything will come out all right. There is no doubt however that by the latest break Mr. Chamberlain has seriously damaged his reputation with the better classes in England.

The British sugar magnates assert that their investigations have revealed the existence in Germany of a great trust, called the "Sugar Trust," which in existence a year, and that it is chiefly to its agency that the price of sugar has been forced down in England and other countries to the lowest point in the history of the industry and that Germany to-day is enabled to export to the world the price of that commodity.

Active preparations are on foot for the coronation of King Edward. The Duke of Norfolk, hereditary Earl Marshal and Premier Duke and Earl, this week summoned well-known London costume makers to Norfolk House where spread on wicker frames were specimens of the robes to be worn by the peers and peeresses at next year's great function. This inspection, which enabled the costume makers to get the exact tint of the crimson velvet and the position of the ermine and miniver and other details for the all important making of the robes, on which work will now be started in earnest. The British monarch has been tested by those who are searching for notes of the dresses and regulations of previous coronations.

Queen Alexandra has ordered from Dehn a quantity of the finest embroidery, for which the former chief of India is so famous, which will adorn her Majesty's robes at the coronation ceremonies. This action, which has produced the greatest satisfaction, is due to the good offices of the vicereine, who, when recently in England, showed the Queen some priceless Dehn embroideries and so stimulated royal interest as to cause the present order to be given.

### IN THE PILLORY.

How a Ten-Year-Old Boy Was Punished For Whispering in School.

Chicago, Nov. 23.—An old fashioned pillory system of punishment, which it is said has the sanction of a board of directors, of which Bishop Fallows is president, has been unearthed at the Pontiac, Ill., state reformatory.

The pillory is a door with two holes in the upper panel. Through these holes the prisoner puts his hands and a chain is attached to the wrists to keep them in place. The arms are thus extended on a level with the shoulder, and can be moved in no direction beyond the hole in the door are not large enough to permit it. In this trying position Chas. Miller, a ten-year-old boy, asserts he was forced to stand for 20 hours at a stretch. He was taken down for 10 minutes at noon, when bread and water were furnished him. Supt. Mallory, of the reformatory, is quoted as corroborating the statement. Young Miller's offense was whispering in school.

### SITUATION IN COLOMBIA.

British Cruiser Arrives at Colon—Liberals Block Railways at Night.

Colon, Nov. 23.—Many versions are current all based in favor of the Liberals, regarding the whereabouts and fate of Gen. Alban's expedition, which left Panama on Sunday last. The following is the most authentic and plausible:

On arriving off Periquette, distant about 30 miles from Panama, the British cruiser, the *Albatross*, and 10 miles beyond Chorrera, Gen. Alban, on the gunboat *Boyaca*, sent forward two schooners, which grounded. The Liberals on land immediately poured a terrific fire on these vessels, causing much damage on board. Gen. Alban then ordered the *Boyaca*'s boats to go to the assistance of the schooners. The crew of the *Boyaca* complied, with the result that many of them were wounded and the boats returned to the *Boyaca*. When ordered for the second time to go to the assistance of the schooners, the boats' crews refused on the ground that it was useless to do so, and that such a step meant sure death to them. Hence the *Boyaca* returned to Panama on Thursday night, taking many wounded with her. The Liberals claim that 300 men of Gen. Alban's force were captured in this way and that they now strengthen the Liberal ranks. The *Boyaca*, with Gen. Alban on board, started again yesterday from Panama, her destination, presumably, being Periquette. It is not justifiable to consider the overland route from Chorrera to Empire station is unfeasible. It is recalled that Mr. Chamberlain's utterance regarding the Car and the Anglo-American German alliance has been the cause of the only serious outbreak of anti-British feeling on the continent in recent times.

It is no exaggeration to say that the financial world of England would be delighted to have Mr. Chamberlain ousted when intending to speak on England's foreign relations. As might be expected, Mr. Chamberlain simply takes the whole affair in his usual cynical indifference. He is staying quietly at Birmingham, and is not exhibiting any particular interest in this storm he has raised.

At the colonial office a reporter of the Associated Press was informed that Mr. Chamberlain did not care to enter into any controversy and would stand by what he said. If the German papers continue to misrepresent him it cannot be helped, according to Mr. Chamberlain's point of view. At the other government departments also the belief exists that the whole agitation will die a natural death and that everything will come out all right. There is no doubt however that by the latest break Mr. Chamberlain has seriously damaged his reputation with the better classes in England.

The British sugar magnates assert that their investigations have revealed the existence in Germany of a great trust, called the "Sugar Trust," which in existence a year, and that it is chiefly to its agency that the price of sugar has been forced down in England and other countries to the lowest point in the history of the industry and that Germany to-day is enabled to export to the world the price of that commodity.

This inspection, which enabled the costume makers to get the exact tint of the crimson velvet and the position of the ermine and miniver and other details for the all important making of the robes, on which work will now be started in earnest. The British monarch has been tested by those who are searching for notes of the dresses and regulations of previous coronations.

Queen Alexandra has ordered from Dehn a quantity of the finest embroidery, for which the former chief of India is so famous, which will adorn her Majesty's robes at the coronation ceremonies. This action, which has produced the greatest satisfaction, is due to the good offices of the vicereine, who, when recently in England, showed the Queen some priceless Dehn embroideries and so stimulated royal interest as to cause the present order to be given.

How a Ten-Year-Old Boy Was Punished For Whispering in School.

Chicago, Nov. 23.—An old fashioned pillory system of punishment, which it is said has the sanction of a board of directors, of which Bishop Fallows is president, has been unearthed at the Pontiac, Ill., state reformatory.

The pillory is a door with two holes in the upper panel. Through these holes the prisoner puts his hands and a chain is attached to the wrists to keep them in place. The arms are thus extended on a level with the shoulder, and can be moved in no direction beyond the hole in the door are not large enough to permit it. In this trying position Chas. Miller, a ten-year-old boy, asserts he was forced to stand for 20 hours at a stretch. He was taken down for 10 minutes at noon, when bread and water were furnished him. Supt. Mallory, of the reformatory, is quoted as corroborating the statement. Young Miller's offense was whispering in school.

The merino sheep of Spain have the whole of that kingdom for their pasture, they spend the summer generally in the pastures of the Pyrenees, and in winter migrate to the plains in the southern provinces, accomplishing in doing so a journey of about 400 miles.

### SESSION SUSPENDED.

Greek Premier Was So Deeply Moved in Chamber That He Broke Down.

Athens, Nov. 23.—The Greek Premier, M. Theotokis, in taking part to-day in an excited debate in the Chamber of Deputies over the recent disturbances here arising from the objection of the students to the translation of the Gospels into modern Greek, quoted from certain letters of the Holy Synod addressed to Queen Olga in 1890, in which the synod's reasons against the translation of the Gospels were stated.

The Premier blamed the Metropolitan of Athens, Procopius Oconididis, for the disturbances. He said the Metropolitan, owing to the weakness of his character, had not the courage to support the synod upon the occasion of the Metropolitan's address with the Queen. Referring to Queen Olga, the Premier said her piety, Christian sentiments and nobility of character were the admiration of the whole world. During the war she was everywhere told by wounded soldiers that they could not understand the text. The Queen then arranged, continued the Premier, for the publication of a translation of the Gospels into modern Greek, exclusively for family use.

The recent disorders had caused, the Premier said, the Metropolitan to assemble the troops with stones and revolvers. The troops only fired in the air. That was proved by the wounds of the victims being from revolver and not from rifle bullets. Speaking of the dead, tears ran down the Premier's cheeks as he sat in the chamber was suspended for some minutes in order to allow him to regain his composure.

The opposition was led by M. Delanakis, who accused the ministry of weakness and of being responsible for murder.

Large and noisy crowds surrounded the Chamber of Deputies while the debate was going on. The troops, however, were disposed in force, and overawed the assemblage.

### BRIEF TELEGRAMS.

W. C. Caldwell, M. P. P., has been nominated for the Ontario legislature by the Conservatives of North Lanark.

Geo. Green, collector of the Twentieth Century Ice Co., of Sandwich, Ont., is missing with a considerable amount of his employer's money.

The partial strike of coal miners in the department of Nord, France, has been ended by a resolution adopted to resume work on Monday and to await general action.

The immense oil well at Bakki, which has been producing a million pounds daily since November 17th, has been supplemented by another gusher, almost as large.

Rev. Thomas E. Cunningham, M. A., rector of St. Luke's Episcopal church, Montreal, is dead after several weeks' illness. In his early school days he was a pupil of Rev. L. N. Tucker, of Vancouver, B. C.

At a sale of rare postage stamps in London a British Columbia 1861 imperforate two pence half penny pink, unissued for £12; a New Brunswick 1851, shilling, mauve, lightly cancelled, for £11; Nova Scotia 1851, shilling, violet, for £13; and Nova Scotia 1851, dark purple, for £14.

Never has the Turkish government been in such financial straits as at the present time. It is impossible to see the expenses of the Ramadan and Bairam, due in December and January, and involving £300,000 can be met. The Ottoman bank utterly refuses to make any more advances and the penny is so acute that even the troops in many of the provinces are unpaid.

### HOSPITAL BAIL.

Active Preparations For the Event on Thursday Night.

The preparations for the annual hospital ball are going on apace. The hall promises to be more beautiful than ever this year, for apart from the usual enthusiasm which is always shown over this event, the object for which it is given this year commands universal interest and respect.

The proceeds of the ball are to be devoted towards a Queen Victoria memorial ward at the Royal Jubilee hospital. The ladies of the hospital committee confidently believe that everyone who possibly can will support this object, and they hope to have no tickets left on their hands. The arrangements at the Assembly rooms are better than last year, and to meet all demands there will be a smoking and card room for gentlemen, and a card room for ladies and gentlemen, also for those who, after looking at the pretty spectacle in the ball room, like to have some other interest to diversify the evening's pleasure.

The children's Ciderella will be arranged with equal care, so that all will have an opportunity to enjoy themselves. The charges for the children's night will be 50 cents for children and parents, and one dollar for adults who come for the dance and not bringing children.

## TROOPS LEFT EAST FOR HERE SUNDAY

### GUNNERS AND SAPPERS BOUND FOR VICTORIA

Embarked at Halifax Yesterday—No. 19 Co., R.G.A., Sail on Sunday Evening Next.

Yesterday (Sunday) No. 21 Company, Western Division, Royal Garrison Artillery, left Halifax, where they arrived from Bermuda a few days ago, for Esquimaux. They came here as relievers for Company 19 of the same corps, who are ordered for service in China. The relieving company has spent some time on the Bermuda station. They have been detained at Halifax, so that the accommodation at Work Point, extensive as it is, might not be overcrowded.

The strength of No. 21 Company is five officers and 145 non-commissioned officers and gunners, with 8 women and 11 children. The officers are Major W. Gordon, in command; Capt. A. E. Harrison, Lieut. C. G. Sladen, and Second Lieut. A. H. Cameron, O. R. E. Milman and T. A. Whyte.

A reception was held at the residence of the Royal Engineers on this station. The draft consisted of one warrant officer, 26 non-commissioned officers and sappers with three women and three children. Second Lieut. the Hon. F. C. Hood, R. E., who came up in command of the draft, was accompanied by Lieut. A. H. Cameron, O. R. E. Milman and T. A. Whyte.

The officers proceeding with the company to Hongkong are Major J. G. E. Wynne, in command; Lieut. A. V. Langton and C. E. J. Wahl, and Second Lieut. A. J. A. Gregory.

Capt. R. J. Macdonald, acting Army Service Corps officer, and son of Senator Macdonald, has been transferred to the incoming company of R. G. A. and Lieut. J. W. Smith has been transferred to England.

### High Honor For Connel.

Service men here find plenty of room for comment in the appointment just announced of Col. E. W. Benson, p.m., late 17th Hussars, to the post of assistant adjutant-general, war office. Colonel Benson is a Canadian, and has a distinguished record. Previous to joining the Imperial service he served in the Canadian militia and wears the medal and clasp for the Fenian raid of 1866. He also served in South Africa as a member of the staff, and has filled many important positions in the Canadian army. He was recently erroneously reported in Eastern and Coast papers as having been killed in action in South Africa. The officer killed at Brakenlaage on the 29th ult. was Col. George Elliot Benson, R. E., of Atherwas, Northumberland, Eng.

### GAMBLING HOUSES CLOSED.

Active Measures Taken By Police To Suppress Vice in Dawson.

A Dawson dispatch under date of November 22nd says: "Owing to the publicity given to the gambling in Dawson by the hold-up of the Dominion gambling house at 5 o'clock in the morning of the 15th, the house was relieved of its patrons by two masked desperadoes. Major Wood has issued an order putting a stop to all gambling in the Yukon Territory. The order went into effect immediately after midnight yesterday morning."

The order affects gaming rooms of the Dominion, Aurora, Superior, Caribou, Bank, Northern Annex, Del Monte, Savoy and Exchange saloons, and scores of cigar stores in Dawson. It also stops gambling at Grand Forks and White Horse.

"Gambling was stopped last March under orders from Minister. Sifton, but it opened again in June for card games without boosters. The games abused the privilege, and Major Wood will not compromise, though it throws hundreds out of employment at a time when they cannot secure work, owing to the dull times and a river not yet being frozen for travelling."

"The first mail for the outside, 500 pounds, leaves this morning with two dog teams and four men. The river is still open above Stewart. The ice is very rough."

### CAREER AND CHARACTER OF ABRAHAM LINCOLN.

An address by Joseph Chouteau, Ambassador to Great Britain, on the career and character of Abraham Lincoln—the early life—his early struggles with the world—his character as developed in the later years of his life and his administration, which placed his name so high on the world's roll of honor and fame, has been published by the Chicago, Milwaukee & St. Paul Railway, and may be had by sending six (6) cents in postage to F. A. Miller, General Passenger Agent, Chicago, Ill.

### MARRIED IN CALIFORNIA.

Robin W. Dunsen and Miss Schoobert United in Wedlock at Sausalito Saturday.

Robin W. Dunsen, of this city, and Miss Maude Schoobert, daughter of Mrs. John Schoobert, were united in marriage at Sausalito, California, on Saturday afternoon. The ceremony was performed by Rev. Charles Miel, of Sacramento, assisted by Rev. Andrew Wilson. The church in which the marriage took place was beautifully decorated, while a large number witnessed the ceremony.

The attendants entered the edifice first. They were Miss Georgia Shepard, Miss Constance Barrowe, Miss Reed Hutchins, Miss Addie Berthier, Miss Olive Hamilton, Miss Mamie Polhemus, Miss Elizabeth Ames and Miss Frances Jackson. They were charmingly gowned in liberty silk, and carried maidenhair and asparagus fern bouquets with long tulle streamers.

Then followed the ushers, Messrs. John Polhemus, W. Ames, Louis Beedy and Francis Hancock. The four bridesmaids were Miss Fanny Schoobert, Miss Emily Schoobert, Miss Lillian Schoobert and Miss Dunsen, who were attired similar to the attendants and carried bouquets of Cecil de Brune roses.

The bride was met at the altar by the bridegroom and his best man, Mr. John Rithet. Her bridal gown was of white liberty satin trimmed with Madagascan lace. Her tulle veil was caught to the corsage with a diamond tiara, and her bouquet was a blending of lilies of the valley with rare orchids.

A reception was held at the residence of the bride's mother after the ceremony. The newly married couple have left for New York, where they will spend their honeymoon, after which they will make their home in this city.

### EUGENIE BLAIR.

Good Company Plays to Small Houses—The Royal Italian Band.

Eugenie Blair and company opened their engagement in this city with a matinee performance on Saturday, when "Camille" was given a splendid presentation to a packed house. Vaughan, Glaser and Eugenie Blair appeared in the leading roles and gave a very faithful portrayal of the pretty romance.

The latter suffered from the evil effects of a cold, and her voice was consequently not so pleasing as it otherwise would have been. In no other respect, however, was she deficient, and her character of Marguerite Gauthier, of the girl first imperious to a man's affection, then of being loved, then scorned and finally betrayed, was very excellently and impersonally portrayed. Vaughan Glaser as Armand Duval both looked and acted his part with artistic finish. He was natural either as the dupe of the woman's capriciousness, or as zealous lover, or in any phase of the life he represented. As for the supporting cast, they were all very well, and the other members of the company were of an entirely satisfactory one, and was deserving of an altogether better attendance than it received.

On Saturday evening the company appeared in a new dramatization of "Peg Woffington," and certainly deserved better patronage, as the performance throughout was interesting and enjoyable. Eugenie Blair, as "Peg," the actress, with her varying emotions gave an excellent portrayal. She received capital support from Vaughan Glaser as Ernest Vane, G. A. Lersey as Sir Charles Pomander, James Daly as Tripoli, Miss Julia Gordon as Kitty Clive and Miss Eleanor Montell as Mabel Vane.

### The Italian Band.

"The audience that greeted the Royal Italian band at the Tacoma theatre last night was one which realized the rare character of the opportunity afforded them. The enthusiasm of the band was always aroused was intensified by the magnificent performance of the rich programme which formed last night's bill. Chief among the band selections were the "William Tell" overture, the finale of the third act of "Gloconda," and the gorgeous Carmen selection, which closed the concert in such a climax as seemed well beyond all human power to attain. All ordinary forms of criticism or comment lose meaning when applied to the sumptuous offering of Signor Creatore and the men who fairly follow his very heart-beats. One can only abandon one's self to the ecstasy of it all, realizing that not one point is missed—not one faintest shade of meaning is omitted, not one degree of intensity is lacking in the tempestuous climaxes. The audience went wild over the dramatic selections and called the artistic director to the footlights at the close of the first part of the programme, applauding and calling bravo in the greatest excitement. Madame Barill won new honors by her thoroughly finished and artistic singing—"Tacoma Ledger."

The band appears here to-night and to-morrow evening.

### A GREAT MEDICINE.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. F. S. Philp, of Potosi, Ark. "It cured me of blood flux, I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale by Henderson Bros., Wholesale Agents.

The farmers of the Bavarian and Wurtemberg Alluvial districts have combined for the purpose of repelling manufacturers to sell them implements and fertilizers at wholesale prices.

## WERE SATISFIED WITH NO EVIDENCE

### JURY'S VERDICT NOT APPROVED BY JUDGE

Mr. Justice Drake Says That in Nicholas Case Their Decision Was Contrary to His Views.

In Chambers on Saturday before the Hon. Mr. Justice Drake, argument on the motion for directions as to the costs of the London commission in the libel case suit, Rex vs. Nichol, which was adjourned from Thursday last to permit counsel for the accused to put in an affidavit in reply to affidavits on behalf of the prosecution, was resumed, and after the question under consideration had been gone into very fully by both sides, His Lordship reserved his decision.

Intimating that his decision, when given, would cover the point as to whether the accused is entitled to recover the costs of the two abortive trials in addition to the cost of the third trial upon which a verdict was given in his favor, although the present motion was directed solely to the question of the commission costs.

Section 833 of the Criminal Code, under which the defendant is entitled to recover his costs, reads as follows: "In the case of an indictment or information by a private prosecutor for the publication of a defamatory libel, if judgment is given for the defendant, he shall be entitled to recover from the prosecutor the costs incurred by him by reason of such indictment or information," etc.

The argument narrowed down practically to the question of what can be considered in this case as costs properly "incurred by reason of such indictment or information." Mr. Cassidy, on behalf of the prosecution, contending that since the commission evidence was not put in upon the third trial the expenses in connection with same were unnecessary, directing his argument to the question as to whether the accused is entitled to any of the costs of the first two trials, and citing numerous authorities to support his contention that such costs should not be allowed.

On the other side Mr. Langley, for the accused, submitted that since upon the first trial the prosecution themselves refrained from entering the witness box, the commission evidence had then to be put in, while upon the two subsequent trials, when the prosecutors gave evidence, the matters covered by the commission were brought out in cross-examination, which was the main reason for the omission of the London evidence upon those occasions. If the prosecutors had persisted in staying out of the box, argued Mr. Langley, the accused would have been compelled to force his trial without one tithe of evidence to support his case. He said he had the commission to fall back upon a proposition with which His Lordship failed to agree, stating that in his view the fact of the commission having been allowed in upon the first trial was no ground for believing that it would have been admitted on any subsequent ones, and that as a matter of fact the accused, in his opinion, had produced absolutely no evidence upon the trial.

"But we got the verdict," objected Mr. Langley. "Yes," replied His Lordship, "but upon no evidence. The jury saw fit to bring in a verdict directly opposite to the one I thought should have been given."

"The jury were evidently satisfied with the evidence," objected counsel. "Precisely," said His Lordship, "they were satisfied with nothing. You had no evidence, and that was sufficient for the jury."

Counsel for the accused asked for a decision upon the point covered by his motion only, but the Court thought it more advisable that the whole question as to costs of the abortive trials should be settled at the same time, especially since the arguments had been directed to such question, and reserved decision for consideration.

### STOPS THE COUGH AND WORKS OFF THE COLIC.

### VANCOUVER TEAMS WON THREE GAMES

### THE LOCAL PLAYERS SCORED NO POINTS

### Terminal City Men Showed Their Superiority in Good Struggle—Association Matches at the Hill.

Fortune smiled on Vancouver last Saturday. Three teams journeyed across the Gulf and plucked victory from the trio of aggregations which strove to send them home disappointed. Naturally all the local players and adherents were disappointed, and a requiem dirge by Finn's hand would have been appreciated on Saturday night. The seniors lost by nine to nil; the intermediates by three to nil; and the juniors by five to nil. All played well, but it was Victoria's off day, the chronicles of which it is hoped will some time be wiped off the slate. Defeats should not dishearten the various teams; it should more them to put forth greater efforts. The Victoria aggregations are new units, and this can only be done by reversing the score conditions which prevailed on Saturday. The victors deserve their victory and all the fruits of it, and the memory of their triumph will prove a balm for them when the colors of Victoria fly in the wind.

The devotee of Association also had an opportunity of witnessing his favorite game, as at the Hill a number of strapping lads struggled vigorously and cleverly in a couple of well-contested matches. In the game between the Intermediates and the Boys' Brigade honors were even, but in the game between the High School and Boys' Brigade junior teams the former whitewashed their adversaries by the score of eight goals to nil.

At Vancouver the Terminal City Association team defeated the Garrison from Work Point, but it is understood the match has been protested.

**SENIOR MATCH.**  
The game between the Victoria and Vancouver senior teams for the Rugby championship at Oak Bay on Saturday ended in defeat for the home players. The ground was in a very slippery condition, and rain fell heavily throughout the game. When the teams lined up it was noticed that several of Victoria's crack players were absent, while Vancouver were represented by the best team that they ever put in the field.

The spectators were kept waiting for over half an hour before the senior teams could put in an appearance, as the intermediate players started late and were still enjoying their mud baths when the senior game should have been half over.

The game began with Victoria facing the heavy wind and rain. Schwengers kicked off, and the Victoria front rank followed up quickly, but D. Marpole secured and safely punted into touch close to the goal line. Gillespie threw in, the whistle sounded for not straight and a scrimmage was formed within five yards of the Victoria goal line. The Vancouver forwards heeled the ball out to Woodward, who passed to Marshall, and the latter made a desperate attempt to cross the Victoria line, but Lormier brought him down in the nick of time. From the scrum the ball was passed out to McLeod, and he in turn to Schofield, who relieved the pressure by punting into touch about the half way line. From the throw in Woodward secured and passed the ball to Flood, who managed to work his way through the Victoria back division, and went so far as passing Petticrew, but Schofield overtook him and pushed him into touch within two feet of the Victoria goal line. Spinks threw in, but the whistle sounded for knock-out, and a scrimmage followed.

The Vancouver forwards showed their superiority over the home front rank by heeling the ball out to their half back nine times out of ten. The visitors rushed the leather on the Victoria goal line, but Schofield meek up and kicked dead. Petticrew kicked out, but Marpole was on hand and punted into touch. Purvis secured from the throw in, and Woodward charged it down and the ball crossed the Victoria line, and a few seconds later the last named player fell upon the ball, and gained the goal try for Vancouver. Woodward took the kick, but failed to convert.

From this on until half time the Vancouver fifteen kept the Victoria players within their own 25.

The second half commenced with Victoria making a desperate attempt to equalize, but the Vancouver forwards soon had the ball within the home 25. Scrimmage after scrimmage was formed, and each time Woodward or Spinks would receive the pig skin and pass out to their three-quarters, but the latter quartets were always safely landed

before they could do any dangerous work. From a throw in Marshall secured, and kicked into touch. Gillespie took the throw, but the whistle sounded for not straight. A scrimmage resulted, and again the Vancouver forwards worked the leather on the Victoria goal line. The attempt to convert was a failure. Gillespie took the kick out, but Marpole punted into touch about the home 15-yard line.

Hereabouts, however, the only piece of brilliant individual work by any of the players was done by Lormier. Spinks threw in, and the ball landed at the feet of the Vancouver forwards. Lormier dashed up, and using his "Socker" ability dribbled the ball nearly the whole length of the field, but his own front rank lost their heads at being so close to the Vancouver goal line and fell upon the leather up and was just about to dash over the Vancouver line when another of his own side tackled him and brought him down to the ground.

A scrimmage was formed, and once again the Vancouver forwards heeled the ball out to Woodward, who passed to Marshall, and he punted safely into touch. From the throw in Flood received and made a clever attempt to cross the line, but he was checked by Schofield. Shortly after this the Vancouver forwards worked their way over the Victoria line, and gained a third try, but an unsuccessful attempt was made to convert it into a goal. From this on Vancouver pressed the home team, and the whistle sounded for the Victoria City kickers by 3 tries—nine points to nil.

Victoria played an up-hill game from start to finish. The forwards were much weaker than the Vancouver set, but the back division, with the exception of Petticrew, who has not played the game for some years, was a match for the Vancouver players. Schofield worked like a Trojan throughout the game.

For the Vancouver team D. Marpole played an excellent game, always kicking the ball safely into touch before the home forwards could reach the score.

**THE INTERMEDIATE MATCH.**  
The Vancouver Intermediate Argonauts also won the match against the Victoria intermediate team.

Through the negligence of the home club no ball had been provided, and the game was delayed until the sphere could be procured from town. As the Vancouver captain insisted that the senior game should commence at 3.15 p.m., according to arrangement, the intermediate match had to be limited to fifteen minutes each way.

Neither team covered themselves with as much glory as merit, lack of combination on both sides being responsible for an exhibition devoid of any brilliancy.

In the first half Ellis, the Argonaut back, crossed the Victoria line after an excellent run. The try was not converted. Marchant, S. Patton, S. Kinkaid, C. Newcombe, for Victoria, and Ellis, B. J. done-Jack Knight and R. Johnson, for Vancouver, showed up to the best advantage.

**THE JUNIOR MATCH.**  
As briefly mentioned in these columns on Saturday, the Junior match was won by the Vancouver players, with five points to nil.

The Vancouverers were the heavier aggregation, but were well matched by the local youngsters throughout the entire struggle, the victory being only won in the final two minutes, when Robinson scored a try which was converted. Each side made things interesting for the other, both making a series of rushes which were cleverly foiled by good defensive work. Just before time was up Robinson, for the visitors, made a splendid run, eluding Kerfoot, W. Newcombe and Marshall, and crossed the line. The try was converted by Townley, and left Vancouver victors by a score of five to nil.

In connection with this match it should be noted that while the visitors were a purely representative team, the home cannot be said of the lads who so gallantly strove against them. The local team was from the Collegiate school, and only a short time ago suffered defeat at the hands of the High school players.

**HARVARD DEFEATED YALE.**  
Cambridge, Mass., Nov. 23.—Something like 35,000 graduates, undergraduates and other football enthusiasts flocked into Cambridge to-day prepared to brave any kind of weather in order to see the match on Soldiers' Field this afternoon between the hitherto unbeaten eleven of Harvard and Yale. A dull lowering sky, cold winds and frequent snow squalls prevailed during the forenoon.

The fellows of Yale seemed very confident that they would conquer, while to a man every undergraduate at Harvard had an air of serenity. The betting this morning, as it has been for the week past, was in favor of Yale, at odds of about five to four.

Harvard won the toss, and took the east goal, playing with the wind. Yale kicked off at 2.06. Score at half time: Harvard 17 Yale 0. The final score was Harvard 22 Yale nothing.

**ASSOCIATION FOOTBALL.**  
**LOST TO VANCOUVER.**  
Of the match between the Garrison and Vancouver football teams at the Terminal City on Saturday the News-Advertiser says:

"On Saturday, at the Powell street

grounds, the Vancouver Association football team and the Garrison team, of Victoria, met for the second time this season, and it was the boys from the army that tasted defeat this time, by a score of 22 to 0, after one of the hottest games played this season. Although the Garrison boys were without the services of Watson, one of their best men, they put up a stubborn fight, and it was by a bit of pretty combination that the home team managed to score their only goal.

The game was attended by a large number of people, who sat throughout the game, notwithstanding the rain and wind, which made things very disagreeable.

"The teams lined up at 3.05 p.m., Vancouver winning the toss and taking the kick-off. The locals started off with their opponents who played the game of the day. All through the first half matters were even, although Harvey, the Garrison goal-tender, had some very bad shots to stop. Foley, of the Garrison, played a hard game, and was loudly cheered by his comrades, about twenty of whom lined the fence. No score was made during the first half, and at the close both teams were tired out.

In the second half, both teams started in for the game of their lives, and were both loudly cheered by the crowd. After the ball had been in motion for some time, the Garrison made a fine rush, and Foley, securing the ball, sent in a hot shot, which MacFarlane failed to stop. The ball was brought to centre again and kicked off. Risk getting it and passing to Moffat, who, in turn, played to Rudyard, who, by a pretty punt, put it into touch, evening up matters.

"As soon as the ball was kicked off, the home team made one final effort to beat the soldiers, which they succeeded in doing, but which caused much comment from the spectators. Rudyard made an off-side, and baited it through. The referee allowed the goal to count, making the score stand 2 to 1 the remainder of the game. Nobody scored, though the home team pressed the soldiers' goal hard.

The following were the teams:

"Garrison—Goal, Harvey; backs, Twiddle and Doyle; half-backs, Connors, Colby and Bayler; forwards, Maspey, Holland, Clarke, Foley, Snelgrove.

Vancouver—Goal, MacFarlane; backs, Payne and Brown; half-backs, Hise, Rudyard and Moffat; forwards, Reynolds, Badger, Ions, Trudgeon and Watson.

"Linesmen—Cameron, Vancouver, Gunner, Garrison.

"Referee—Robertson.

It might be said that this is the last match that seven of the Garrison boys will play in British Columbia as they leave next week by the Empress of China for Hongkong, where they will be stationed, being relieved by No. 21 Company, R. G. A., now at Halifax.

The Garrison team, it is understood, has lodged a protest against the referee's decision, with the Association officials at Nanaimo on several grounds. They claim that the touch line and half-way line were not marked, that Vancouver's linesman was a lad under 16, whose decisions were faulty; that time was called in the second half one minute and 10 seconds too soon. They claim they were compelled to play 35 minutes each way, although 45 minutes is the regulation time. They also contend that they made three goals while Vancouver made but one, and that one of Vancouver's goals was scored by a player who was off-side; also that in a goal made by them, but not allowed, MacFarlane, Vancouver's goal keeper, caught the ball, which came with such force, however, as to send his arms behind the posts with the ball.

**HIGH SCHOOL VICTORIES.**  
The Junior Association match which took place at Beacon Hill on Saturday afternoon last between the Boys' Brigade and the High school was a disappointing affair. The score gives a good idea of the game; it being eight to nothing in favor of the High school. The Brigade goal keeper, W. Kennedy, played an excellent game. Although the Brigade made several splendid attempts to carry the ball into their opponents' goal, they were not successful in passing the full-backs, Sargison and Wilson. The goal keeper, full-backs and half-backs of the Brigade all played well, but the forwards supported them poorly. The game was refereed by W. Winsley.

The following is the score in the senior league:

	P.	W.	L.	D.	Pts.
High School	2	2	0	0	4
South Park	2	1	1	0	2
Northwest	2	0	0	2	2
Boys' Brigade	2	0	1	1	1

**A DRAW GAME.**  
A game was played at Beacon Hill on Saturday afternoon last, between the Columbia and Boys' Brigade. Combination and pretty play could not be in.

**TWICE TOLD TALES.**  
No Meat Extracted From Them by Some Who Most Need the Facts.

We have more than twice, told the reader, of the fact that he or she may perhaps easily discover the cause of the daily ill feeling and the experiment is not difficult to make.

But there are readers who think truths are for some one else and not for themselves.

Some day theft told fact will flash upon us as applicable when the knowledge comes home, that day after day of inconvenience and perhaps of suffering has been endured, the cause not being recognized or believed, although we may have been told of the cause many times over, but never believed it applied to us.

It would startle a person to know how many people suffer because they regret themselves daily with coffee. We repeat it, it is a powerful drug, and so affects the delicate nervous system, that disease may appear in any part of the body, all parts being dependent for health, on a healthy nervous system.

Relief from coffee for 30 days has cured thousands of people who never suspected the cause of their troubles.

The use of Postum Food Coffee is of great benefit to such, as it is made directly to rebuild the delicate cell structures from the elements nature selects for the work. Relief from a heavy drug and the taking of proper nourishment is the true and only permanent method.

dedged in on account of the slippery state of the ground and the unfavorable condition of the weather. The result was a draw.

During the first half the Columbias seemed to be out of practice, for they allowed the Brigade to obtain advantage and finally, from a corner kick by J. Belyea, to score a goal. The Columbias now played a little better, and kept the Brigade forwards at bay.

In the second half the Columbias kept up a continual bombardment of their goal. They were for some time, however, unsuccessful, but eventually A. Vaughan secured a goal sending the ball through from a corner kick. Play from this on was most exciting.

When the whistle blew announcing time the score remained 1-1.

For the Brigade A. Houghton, G. Temple, A. Belyea, T. Peden, J. Johnson, and J. Belyea played well, while G. Simpson, K. Hughes, T. Brooker, E. Smith and L. Koefe were the most notable of the Columbias. W. York acted as referee to the general satisfaction.

The following is the score in the Intermediate League:

	P.	W.	L.	D.	Pts.
Victoria West	2	2	0	0	4
Boys' Brigade	2	0	1	1	1
Columbias	2	0	1	1	1

### THE HUNT.

The puntual arrivals at the Victoria Hunt club met at the Work Point barracks on Saturday, crowded under a fine, enjoying the "gentle rain" and invigorated by their breakfast and invigorated by their breakfast and invigorated by their breakfast.

There was a big throng of citizens at the drill hall on Saturday evening on the occasion of the regular concert given by the Fifth Regiment band. A capital programme was given by Bandmaster Finn and his musicians, the different numbers being vigorously applauded.

The special attraction of the evening was the basketball game between the Fernwood team and the J. B. A. A. This is the first occasion upon which the former team has made its appearance, and the members of it put up a very creditable fight, although unequal in combination to the Bays. During the first half the Bays had matters very much their own way, but in the last half the younger club woke up and repeatedly scored, pulling the final score up to a more even basis.

A regrettable incident occurred during the last half when, owing to dissatisfaction at a ruling of the referee, the two Fairall brothers walked off the field. Fortunately the remainder of the team declined to follow their example, and the dissatisfied players subsequently returned and did good service for their side during the remainder of the play. The score was 21-10 in favor of the Bays. Dan O'Sullivan acted as referee and Messrs. Siene Love and Walter Lormier as umpires.

**GOOD HEALTH IS IMPOSSIBLE** with out regular action of the bowels. Laxa Liver Pills regulate the bowels, cure constipation, dyspepsia, biliousness and sick headache.

Fifty pounds a year is devoted to dusting the books in the library of the House of Lords.

**SOME REASONS**

Manufactured by Imperial Oil Company.

**COMPLAINT FROM ONE OF R.G.A.**  
Complaint is made in a letter to the Times by one of the R. G. A. men who played with the Fernwood team on Saturday night, that he was subjected to insult by referees, who found sting in developments in the Gill murder trial. These remarks were all the more despicable as the soldier concerned was in no way implicated in the events connected with the Gill murder.

**TURF.**  
**MANCHESTER HANDICAP.**  
London, Nov. 23.—Caroline won the Manchester November handicap of 1,500 sovereigns at the Manchester November meeting to-day. Blackband was second and Rauling Katie finished third. Twenty-two horses ran.

**SCORE UP TO FRIDAY EVENING.**  
The score in the New Century Chess tournament up to Friday evening is as follows:

Players	Played	Won	Lost	P.C.
P. T. Johnston	11	10	1	91
A. J. Garesche	8	6	1	84
B. Perry	17	11	3	67.13
G. Gonsman	6	4	2	66.23
C. C. McKenzie	6	4	2	66.23
G. Hunter	18	8	4	45.13
Capt. Clarke	17	9	8	53
Capt. Mitchell	21	11	10	52.13
W. Marchant	9	4	5	44
C. A. Lombard	4	4	0	50
J. T. Meyers	19	9	10	47.5
A. S. Innes	13	6	7	46
W. Allott	6	2	4	33.13
L. M. Wilkins	10	3	7	30
C. W. Rhodes	8	2	6	25
J. B. Ashby	11	1	10	9
J. M. Sly	12	1	11	8.13

The drawing for the week ending Friday next is:

P. T. Johnston plays Capt. Clarke.  
L. M. Wilkins plays A. S. Innes.  
C. W. Rhodes plays W. Allott.  
J. B. Ashby plays Wm. Marchant.  
B. J. Perry plays C. A. Lombard.  
A. Gonsman plays J. M. Sly.  
Capt. Mitchell plays J. T. Meyers.  
C. C. McKenzie plays A. J. Garesche.  
G. Hunter—Bye.

**ASSAYERS' EXAMINATION.**  
Licenses Granted to Practice the Science.

The examination for mineralogists, which has been in progress here during last week, closed on Friday evening, the following having acted as examiners: W. F. Robertson, provincial mineralogist, chairman; T. Rhymer Marshall, D. S. (Edin.), etc.; J. Glasgow; J. Culbert Welch, P. C. S. (London), chief chemist Trail smelter, and H. Carmichael, provincial assayer, secretary.

The following candidates were successful, and were granted licenses to practice as assayers: D. A. Ayres, Trail; N. Colman, Victoria; W. Stone, Marshall, Duncans, and G. H. Comrie, Vancouver.

### BOARD OF TRADE REPORT.

The Twenty-Second Issue of This Volume—Its Contents.

The twenty-second annual report of the British Columbia (Victoria) Board of Trade has just been issued. It deals exhaustively with the various interests represented in the province and compares the statistics for this year with those of former years.

A considerable portion of the chapter on mining is taken up with a description of the mines of the West Coast and of Mount Sicker. Reference is also made to the salmon industry and the opinion expressed that by the use of traps Canada would be master of the situation.

The report also alludes to the disappointment experienced owing to the failure of the government to encourage railway construction which destroyed the buoyant feeling in business circles early in the year. The report further says that the high freight charges on the White Pass & Yukon railway is driving trade to the big trading and transportation monopolies which operate via St. Michael.

The report is supplemented by a number of valuable tables of statistics, a chapter devoted to the climate of Victoria, labor statistics, figures relating to iron and steel and paper and pulp and a synopsis of British Columbia mining laws.

### THE BAND CONCERT.

The Bays Defeat the Fernwood Team at Basketball.

There was a big throng of citizens at the drill hall on Saturday evening on the occasion of the regular concert given by the Fifth Regiment band. A capital programme was given by Bandmaster Finn and his musicians, the different numbers being vigorously applauded.

The special attraction of the evening was the basketball game between the Fernwood team and the J. B. A. A. This is the first occasion upon which the former team has made its appearance, and the members of it put up a very creditable fight, although unequal in combination to the Bays. During the first half the Bays had matters very much their own way, but in the last half the younger club woke up and repeatedly scored, pulling the final score up to a more even basis.

A regrettable incident occurred during the last half when, owing to dissatisfaction at a ruling of the referee, the two Fairall brothers walked off the field. Fortunately the remainder of the team declined to follow their example, and the dissatisfied players subsequently returned and did good service for their side during the remainder of the play. The score was 21-10 in favor of the Bays. Dan O'Sullivan acted as referee and Messrs. Siene Love and Walter Lormier as umpires.

The following candidates were successful, and were granted licenses to practice as assayers: D. A. Ayres, Trail; N. Colman, Victoria; W. Stone, Marshall, Duncans, and G. H. Comrie, Vancouver.

**WILLIAM FLETCHER**  
CURED OF  
**BRIGHT'S DISEASE**  
by  
**Powley's Liquefied Ozone**

Bright's disease of the kidneys is one of the most fatal sicknesses there is. It practically means the decay of these important organs. The evidence is found by tests of the urine. The presence of albumen is detected, and in the last stages the presence of minute kidney cells, called casts, is noted. When the disease becomes very deeply seated, the water, instead of being passed off is retained in the system and the sufferer becomes tremendously bloated. Powley's Liquefied Ozone has made some remarkable cures of Bright's disease of the kidneys. Notice the case of Mr. Wm. Fletcher, of Emsdale, Ont. It's remarkable.

For about two years I have been running down in energy and health, caused by kidney disease. Last February I finally collapsed; my body and limbs were terribly swollen. I then sent for my doctor, and he treated my case as best he could, but I was getting worse all the time. Finally my doctor told me if I had any business to settle I had better do so. I got the doctor to draw up my will, as I was informed that I had but a short time to live.

A neighbor, Mr. Conover, came over to see me and advised me to take Ozone, as it had done his wife a world of good. Mr. Conover brought me a bottle from Mr. Conover's store at Springfield. I had not taken the second dose before I felt an improvement. I have now taken five bottles, and I am a living testimonial of the great curative powers of Powley's Liquefied Ozone.

I and my daughter have done all the work on my farm the latter part of the summer, since being cured by Ozone. I feel good for another ten years, although I am now 72 years of age.

I am getting stronger every day, and all the praise my neighbors are giving Ozone, and it is worthy of all they can say of it. I hope you may have great success with it.

You are at liberty to publish this for the benefit of others suffering from kidney trouble.

(Signed) WILLIAM X. FLETCHER, Emsdale, Ont.

Powley's Liquefied Ozone strengthens the kidneys, clears out all impurities, and soothes all inflammations of the tracts of the kidneys. The oxygen in Powley's Liquefied Ozone, makes new tissues. It is this latter quality that makes this preparation so valuable. If there is the least chance, if there is any healthy parts left in the kidneys, the Ozone will bring back life to health. Ozone is life.

**THE SITUATION.**

Recent political developments have exercised an apparently paralyzing influence in many places. The announcement that Mr. Bodwell is in the field for Victoria has had the effect of placing the Vancouver Province newspaper on the government side, if its remarks are a true indication of the course it intends to pursue. Our contemporary is in sympathy with the position of Mr. Gilmour, and Mr. Gilmour, Mr. McInnes and Mr. Martin are the hope, if not actually the backbone, of the government. So we find the Province supporting the government through the medium of its erstwhile implacable enemy, Mr. Martin. The combination was bound to be formed in course of time, in any event, because Mr. Martin believes British Columbia should be regarded by the Legislature as a preserve of the C. P. R., and if the Province does not hold the same views it argues as if it did. The advent of Mr. Bodwell gave the paper the chance to shape its course in the direction in which its gaze has been directed for some little time. The public will wait with some curiosity for opinions upon the latest railway policy of the government of a newspaper which believes that railway competition increases the burdens of shippers. The government's decision to gratify the public desire for a Coast-Kootenay road by subsidizing a branch of the C. P. R. from Hope to Midway may have a mollifying effect upon our contemporary's wrath at the thought of its non-competitive principles being out-raged by a proposition to bring the great rivals of the C. P. R., Mackenzie & Mann down through the northern portion of British Columbia. If our Vancouver contemporary would lay aside its prejudices for a little while and review the situation dispassionately we are sure it would become reassured. If Mr. Bodwell is an able man, with a complete grasp of the political situation, a vision clear as to the future of the province and ripe judgment as to the requirements necessary to enable us to take the fullest advantage of our position, as the Province candidly admits he is, he is not the very man who should have a seat in the House—is he not the man we have been waiting for? If he has decided to cast aside his great private interests and place his splendid endowments at the service of the province, should he not be welcomed into public life at this critical time in the history of British Columbia? We submit that Mr. Bodwell's declaration that he has severed his connection with all corporations that may come before the House asking favors should be accepted in good faith. We venture the assertion that when the new member takes his seat for Victoria he will be more untrammelled in his opinions as far as corporations are concerned than a goodly number of the present free and independent legislators.

The Vancouver News-Advertiser was also once a stern opponent of the Dun-

smuir government. Recent developments appear to have affected its mind quite seriously. It has nothing to say about politics at all. The New Westminster Columbian, after its spasm about Mr. McBride and its determined struggle on behalf of Mr. Gifford, also lost its political voice. None of these things of course concern us except in so far as they illustrate the tremendous power and resources of the government and of the institutions ranged behind it. The Times called attention to the possibilities more than once as well as to what might happen before the House met. The free and independent press appears to be getting in line. It will be a most edifying spectacle to see outward manifestations of the sweet harmony that dwells in the hearts of Mr. Joseph Martin and the editors of the Province and News-Advertiser. The press once fixed, attention will be diverted to the job of lining up the members. There are some pretty tough "propositions" whose support will be necessary to the existence of the government. Of the one-time opposition, there are several who would become pronounced present-day oppositionists at the very suggestion that they should support the government. It can easily be seen, therefore, how much depends upon the result of the election in Victoria. The C. P. R. is falling in behind the government. It will be a case of the C. P. R. and Dunsmuir, a combination which controls a majority of the newspapers of the province, v. the people. All lovers of political liberty should make a note of these things.

**THE GOVERNMENT CANDIDATE.**

Mr. George Alexander Stewart (or is it Stuart?) Potts has announced himself, on the petition of a number of government supporters, as a candidate for the representation of the city of Victoria in the Legislature. This is one point in which the administration has shown glimmerings of good sense. It has picked up an old newspaper man to carry its banner. If there is anything that a newspaper man who has fallen from grace and become a lawyer does not know about conducting a campaign no doubt Mr. Bodwell will take the means to advantage of it. Mr. G. A. S. Potts has the candor to admit that he expects his friends to pay the expenses of the campaign. It is hard to overcome old habits. [The public has fallen into the habit of treating representatives of the press with mistaken generosity. Reporters in the pursuit of their lawful calling are welcomed everywhere without money or price of admission. Sometimes they are given things they would be better without. All this is very flattering, of course, but the effect is not always good. Some of the young men of the press acquire the belief that they have no right to pay for anything. This, to be sure, has no connection with the candidature of Mr. G. A. S. Potts except in so far as it illustrates the manner in which he may have acquired the candid hold to which we have referred. The Times does not propose to follow the example of the Colonist and treat the candidate of the party to which it is opposed with silent contempt. We welcome Mr. G. A. S. Potts (we are sorry space will not permit us to spell out his brother's name out in full all the time) cordially into active political life, and hope his first experience in the arena may not discourage him, but that he may keep his hands on the handles of the plough until the furrow ends with 20.

**A QUESTION OF BUSINESS.**

The halibut fishing banks on this coast are in Canadian waters. The market for the fish is practically confined to the United States. The government of that country charges a duty on halibut, which of course Canadians have no right to protest against. But they have a right to regulate fishing within their own waters. If we cannot have reciprocity in fishing regulations, the duty is designed to throw all the profits of the fishing industry into the hands of American citizens. So American ships come into Canadian waters and take our fish, which are a valuable commodity by the time they reach Eastern markets. Until we are allowed to derive some benefit from the exploitation of our resources the regulations should be strictly enforced. The action of the governments of Ontario and of Quebec in making regulations for the protection of their natural resources was followed by an immediate change in the point of view of our neighbors. The business men and the manufacturers of the Eastern states are now convinced that reciprocity is necessary to enable them to make the most of their opportunities. If they had been allowed to continue their work of absorbing our raw materials for use in their mills, factories and foundries there would have been no reciprocity convention held. It has often been charged by people in a position to know what they are talking about that vessels flying the United States flag violate the laws by taking fish in Canadian waters. These statements should be verified. If the contention of the officers of these ships that they ply their vocation in neutral waters should prove to be incorrect, then the duty of our government would be clear. Our neighbors are a strictly business people, and it is time for us to follow their example. If they make laws with the object of getting the better of their neighbors in every line of commerce and industry, which they do not deny, we should do all that lies

in our power to circumvent them and take the fullest advantage of our position. It is not a question of attempting retaliation at all, but strictly one of business.

There is one industry in which the British remain supreme. The Americans cannot build cables. The Commercial Cable Company had to order its new string from a British company because it is the only firm in the world capable of making a complete job of the undertaking. It requires special ships to lay cables as well as special skill and practical experience to make them. Deep sea telegraph lines are not required every day, so that there is not such a demand for cables as to induce capitalists to embark in the work of manufacture. As the great majority of cables are laid outside the zone in which protectionists have jurisdiction, it is a difficult matter to foster this industry under glass.

Mr. Turner, our agent-general in London, informed the British Columbia Review recently that the Finance Minister will shortly arrive in the British capital for the purpose of floating a loan. What is the use of occupying the honorable position of Finance Minister if you do not take advantage of all the privileges that pertain thereto? Mr. Turner has not opened his office yet. He has not decided upon the most appropriate situation. He is of course too busy to attend to the business of floating loans. But he will give Mr. Prentice the benefit of his advice.

Our esteemed contemporary says the killing of ex-Chief of Police Meredith of Seattle was justifiable homicide. Meredith was battered into insensibility by two brothers and then shot to death. Was not the first act sufficient for the protection of the lives of the Constables? It is because so many murderers get off on the plea of self-protection that the United States has attained such an unenviable notoriety in the world.

We have the letter of "D. S." on the ecclesiastical titles question. It will be only fair, we think, to the two leading disputants to confine correspondence on this question to letters bearing the signatures of the writers, consequently anonymous letters will not be published in future.

Mr. Gilmour's sneer at Victoria's population shows that he is true to his early training as an employee of the C. P. R. Vancouver has a Chinatown of her own and sees that the denizens thereof are all enumerated by the census men.

The Colonist might take its mind for a brief space off the mighty problems that engage its attention and give subscribers its opinion of Mr. Bodwell's candidature.

**A STORY OF JOE.**

In a private letter received in Toronto a lady in Vancouver related an incident which shows that Hon. Joe Martin is still on the boards. The story is that when the Duke of York was in Vancouver Mr. Martin entered the leading club of that city and addressed a group of the members who were discussing the royal visit. "I suppose you will admit," said Mr. Martin, "that the Duke of York is a well-bred English gentleman?" His auditors were probably too shocked by the question to admit or deny anything. "Well," he continued, "I have just heard the Duke speak, and I notice that he doesn't talk English the way you fellows talk English. I don't understand it at all." Which suggests that in Vancouver as in Toronto the Duke's English has given the prevailing fashionable accent a bad job.

**SAVE YOUR SNOWSHOE TAGS.**

The most popular brand of Cheung To-bacco in Canada to-day is "PAY ROLL." Every plug of "PAY ROLL" bears a "Snowshoe" Tag. Consumers should save these tags, as valuable presents are given for them. When you buy "PAY ROLL" Cheung Tobacco, ask your dealer for our new illustrated premium catalogue. Tags are good up to January 1st, 1902.

Call or write us for catalogues. Gideon Hicks & Company.

**STARTS ON MONDAY THE 25TH**

**A SLUMP IN CLOTHING.**

A money-saving and a money-getting sale. It will be a money-saving sale to you and a money-getting sale to us.

**PLAIN FACTS**

We have in round numbers about fifteen hundred Suits of Men's and Boys' Clothing on stock. We want to sell them for various reasons. The first is, we want cash. The second is, trade is rather slow, and we are overstocked for this season of the year. The third is, we have a number of job lots bought at a big reduction from the manufacturers, which we wish to dispose of.

**THIS IS HOW WE'LL DO IT**

3 dozen Men's Good Strong Tweed Suits, sack coat, sizes 36 to 42 ... at \$4.65 Worth—well, you can judge for yourself	30 dozen Men's Tweed and Flannel Over-shirts, bought at 25 per cent. less than regular price; they will be sold at a small advance.
20 Men's Dark Tweed Sack Suits, regular sizes, French facings ... at \$5.00	Blue Flannel Shirts, 15 to 17 neck, for 75c. This lot was consigned to a firm who could not pay for them. We bought them at our own figure.
72 Suits, frock or morning coats, at exactly half price; sizes up to 46.	Men's Fleece Lined Underwear, 37½ cents; all sizes.
75 Men's Blue Serge Pants, 90c cheaper than overalls.	

Big reductions in Boys' and Children's Clothing and Nobby Suits to choose from.

**BIG REDUCTIONS ON EVERYTHING.**

**McCandless Bros.**  
37 JOHNSON STREET.

**Business, Teaching or Music. WHICH?**

Teaching pays fairly well for a short run. However, it is wearing, very wearing; and whoever becomes even "comfortably off" through it? Music is culture, and pity the one who has to take his soul to the market.

Business! Look about you. The world is open to the business man who knows his business and is trained for it. Do you know any of the young gentlemen or ladies whom we have prepared who are not successful? The market of business is never over stocked.

The regular monthly meeting of the Victoria Auxiliary of the P. R. Jubilee hospital, due to take place tomorrow, is postponed until after the ball.

Great Clearance Sale of Ladies' and Children's Jackets, Gossamers and Costumes, at "The Sterling," 39 Government Street.

The Permanent Loan & Savings Company is still selling rapidly. There are only a few shares left for sale at \$125.00 per share; as soon as these are sold there will be a further rise in the price.

A meeting of the board of horticulture will be held this week to consider more stringent fumigation and quarantine regulations for fruit being imported into this province from Eastern Canada and from the United States.

Leave your order for a Turkey for Thanksgiving, also some nice Cranberries. Mowat & Wallace.

A petition has been in circulation in Victoria West praying the board of licensing to cancel the license to St. George's Inn, in view of the facts disclosed during the trial of Rex vs. Gill, owing to the disorderly character of the house, its deplorable influence upon land surrounding it, and the fact that the needs of the soldiers and sailors are already amply provided for in the cantonments at Esquimalt and at Work Point.

Great Clearance Sale of Kid Gloves at "The Sterling," 39 Government St.

The mothers' meeting held at Spring Ridge school last week was not very well attended. "Hygiene" was the question discussed, and the secretary read an excellent paper on the subject written by Ian St. Clair, the physical instructor. After a very enthusiastic discussion a hearty vote of thanks was tendered Mr. St. Clair. The next meeting will be held on December 5th, when the subject, "Christmas Thoughts," will be considered.

Mrs. Roswell D. Hitchcock has announced a new volume which will shortly appear in book form. The title of this latest product of Mrs. Hitchcock's facile pen will be "A Book of Adventures," and it will relate some of the thrilling adventures which have befallen the authoress, and which have come to her knowledge in the North. A New York dramatic critic has undertaken the dramatization of the novel.

In the Knights of Pythias hall, Broad street, a few evenings ago, a society of the Canadian order of Chosen Knights was organized by S. D. Barnes, of Hamilton, Ont. The society started out with a membership of twenty, and in the past few days several more applications have been received. This organization is the only one in the city that admits both men and women to the same society. Mr. Barnes has been organizing all through the Northwest, and is uniting in his efforts to secure a large membership for Victoria lodge, which he hopes to make the banner lodge of the West.

A bazaar with many interesting features, such as a post office, an old country store, fancy and useful articles, cheap books, and a large supply of infants' clothing, with many dainty little things suitable for Christmas presents, is to be held in the A. O. U. W. hall on Tuesday, the 26th. The bazaar will be opened at 2.30 p.m. by the Mayor. His Honor the Lieutenant-Governor and Lady Joly de Loebiniere, with the Bishop of Columbia and Miss Perrin, will encourage the busy workers of these societies in their earnest efforts in a good cause. In the afternoon and evening the Cecilia orchestra will give selections of their popular music. Madame Jarley has come to town with some new, good and amusing wax figures, which will be exhibited in the evening.

—Steamer Yosemite left Vancouver at 1.25 o'clock to-day, having connected with the train from the coast.

—Fifteen shares of the permanent stock of the B. C. Permanent Loan & Savings Company were sold last week at \$125.00 per share. The company have just eighteen shares left for sale at this price.

—The "At Home" to be given by the Y. P. S. C. E. of the First Church, which was to be held this evening at the residence of Mrs. McCrimmon, 27 Stanley avenue, has, on account of several counter attractions, been postponed until tomorrow evening, Tuesday the 26th.

—The regular monthly social meeting of the Epworth League of the Metropolitan Methodist church will take the form of a "Fun Social," and will be held in the school room to-night, beginning at 8 o'clock. The ladies have full charge of the meeting. No admission fee charged.

—The E. & N. railway will run an excursion to Nanaimo on Thanksgiving Day for the purpose of giving Victorians an opportunity of witnessing the game to be played at the Coal City between the Victoria and Nanaimo Association football teams. Trains will leave at 9 a. m. and 5 p. m., and a train will leave Nanaimo at 5.30. Two dollars will be the charge for the round trip.

—There will be an interesting session of the Natural History Society this evening at 8 o'clock in the society's rooms in the parliament buildings. A paper will be read by E. Napier Denison on "Sociological Phenomena," which will embody the results of the lecturer's attendance at the meeting of the British Institute recently at Glasgow. The lecture will be illustrated by time lights.

—Now that the winter is approaching, the demand for reading matter in the country districts is becoming more imperative, and the provincial library is receiving applications for the travelling libraries which were instituted some years ago. Two are now being prepared by the provincial librarian, one of them being destined for Lower Nicola, and the other for Langley Prairie. These will go out this week, while two others will be sent to other parts of the province as soon as the necessary forms are filled.

—The Ladies' Aid Society of St. Andrew's Presbyterian church intend giving a Thanksgiving social in the lecture room of the church to-morrow evening, commencing at 8 o'clock. Refreshments will be served, and a very excellent programme has been arranged, the following ladies and gentlemen having consented to take part: Mrs. G. J. Burnett, Misses Miller, Ormsby and Ethel Green; Messrs. G. J. Burnett, F. Waddington, W. W. Williams and W. K. Houston. During the evening the usual thanksgiving collection will be taken.

Vancouver, B. C., Nov. 21st, 1901.  
The B. C. Permanent Loan & Savings Company, 321 Cambie St., City:

Gentlemen:—Please accept my thanks for the prompt and satisfactory manner in which you have paid the withdrawal value of my five shares of "Class A" Accumulative Stock in your company. According to the terms of my certificate, I should have paid a withdrawal fee of one dollar per share, but I am pleased to learn that on account of the uninterrupted success which the company has experienced, the directors have decided not to charge the withdrawal fee, and as a result I have received the full amount paid in, together with four per cent. (4 per cent.) interest, which is five dollars more than I am entitled to. I would strongly advise young men to adopt your savings system.

Yours respectfully,  
(Signed) GEO. HUNTER,  
Of Pitt & Hunter,  
Hardware Merchants.

## People Who Are Particular

About the kind of gloves they wear, who know good gloves from bad gloves, and want the good, are the class of customers who are building up our business. When you

# THE FIRST SEALER SAILS THIS WEEK

CITY OF SAN DIEGO  
PREPARING TO LEAVE

Wreckage Reported by One of Fleet Off  
Columbia River Last Week—  
The Senator Departs.

According to present plans this week will see the first of the sealing fleet away for the southern hunting grounds. The schooner City of San Diego is mending sails and is otherwise preparing for the voyage. Capt. Folger is in command, and an entire white crew will be found to man the vessel. After leaving here she will proceed to the hunting grounds off the California coast, and, as customary, follow the seal herds in their migration northward. She will be followed by the Umbria in the near future, but will probably be the only one of the Victoria Sealing Company's fleet to sail for a number of weeks. Several of the schooners are now being hauled out in turn on Turple's marine slip, and put into condition for sea. The Director and others have just been launched, while this morning the Doneward and Florence M. Smith were taken on, and will be cleaned and painted. After the adjourned meeting of the Victoria Sealers' Association on the 20th inst., there will be a big exodus of sealers from this city.

## NEW VANCOUVER STEAMER.

The new steamer to be built for the Vancouver and Howe Sound route is to be ready to go into commission on May 20th. The interior furnishings of the steamer will be as nearly luxurious as it is possible to make them by the expenditure of money, and it is estimated that in this regard no other vessel in these waters will equal the new boat, which will cost about \$50,000. There will be no staterooms aboard except those for the master and crew. Space for smoking rooms, ladies' parlors and offices has been provided for in the plans.

The contract for the boiler, engine and other machinery has been awarded to McKie & Baxter, Glasgow, Scotland, through the agent of that firm in Vancouver, Mr. J. W. MacFarlane. The engine will be the latest type of triple expansion, having cylinders 10 by 16 by 25, 1/2 inch in diameter by 16 inch stroke. The boiler will be 8 feet 6 inches by 10 feet, and will be furnished with double corrugated furnaces and steam pressure will be maintained at 150 pounds. The diameter of the propeller will be 6 feet 11 inches, and it will turn over at 150 revolutions per minute. From this data, the speed of the vessel will figure over 12 knots per hour, but the vessel will develop that rate steadily.

## A NEW LIGHTHOUSE.

D. G. S. Quadra is not expected back from Laxey Island, where her crew are now engaged in establishing a light for the lighthouse recently erected at that point, for several days. The lighthouse is situated on the northernmost island of the Lawyer group, on the eastern side of Malacca Pass, on the southern coast of Chatham Sound, British Columbia, lat. N. 64 deg. 57' 58", long. W. 130 deg. 20' 47". The lighthouse stands on a site ten feet above high water mark, on the western side of the northernmost end. It consists of a square wooden tower, rising from the western corner of a square wooden dwelling surrounded by a polygonal iron lantern. The tower is 48 feet high from its sills to the vane on the lantern, and the whole building is painted white with the roof and lantern red. The light, which is now being installed, will be a fixed white light, elevated 55 feet above high water mark, and should be visible 13 miles, over an arc of 231 deg. between the bearings of N. 73 deg. W., through north and east to S. 22 deg. E. Between the bearings of N. 73 deg. W. and N. 65 deg. W. the light will be obscured at intervals by trees. The illuminating apparatus will be dioptric, of the fifth order.

## RUMORED SALE.

Rumors of the absorption of the Pacific Coast Company by the Northern Securities Company—the new corporation just now of great prominence on Wall street—are current in New York. They are, however, given little or no credence at the head offices of the P. C. S. S. Company in Seattle. Mr. J. D. Farrell, the company's president, authorized the press to state that he had received no intimation of the pendency of such a deal, and considered the report without foundation. He remarked: "I believe the rumor to be without foundation. This news bureau dispatch is the first hint I have received that such a rumor was in circulation, and for my own part I discredit the story. I cannot say, however, that such a deal may not be under consideration."

## BIG TUG SINKS.

The Pacific-American Fisheries' tug Catalina, recently constructed, has met with a peculiar accident near Everett. She was taken to the mouth of Dead Water slough, near the Snohomish river, for fresh water. When the tide receded the tug was left stranded, but on a shelving bank. The next tide came in and instead of the vessel floating it remained fast to the bottom. All efforts since to raise the tug have failed.

## PROBABLE DISASTER.

One of the big fleet of vessels which have to in the storm off the Columbia last week, the schooner Vega, has reached San Francisco with news of a probable disaster. Captain Erratt reported to the hydrographic office that at 2 a. m. on November 10th, in latitude north 38 degrees 10 minutes, longitude west 124 degrees 41 minutes (30 miles west of south magnetic, from Point Reyes), he passed close by a large body of wreckage 100 feet or more long. Too dark to make out if a raft or a vessel bottom up.

## MARINE NOTES.

Grave anxiety exists for the coal ship Chehalis which is more than a month overdue from Newcastle for San Francisco. The long overdue steamer J. P. Elmore reached the Sound from Nome on Saturday. She had been delayed by bad weather and was 30 days in making the voyage. When she reached Dutch Harbor on October 5th she reports that there was a serious shortage of provisions.

The American bark R. P. Ribbet, on her recent voyage to the Hawaiian islands, encountered great gales and shipped seas which washed her deckload overboard, according to Honolulu mail advices. She reached the metropolis of the islands on November 13th. It is considered extremely unlikely that the well known Lynn canal steamer Victorian, which has been on the drydock at Tacoma for several months undergoing repairs, will go back on her old run. The Victorian is now controlled by the Pacific Coast Company. A heavy expense account charged to the Victorian is in the matter of fuel. It is said to be necessary for the vessel to coal up twice on a round trip after leaving Tacoma. Steamer Senator, which sustained injuries on her last trip North, may have to come to British Columbia for repairs. All the dry docks on the Sound are occupied, and the Senator has been waiting for accommodation for some considerable time.

Bids for the construction of a light-house on Abraham Island, Alaska, have been asked for by the United States government. "Jutting out from this island is a dangerous rocky reef which is now a menace to shipping. It is located between Ketchikan and Wrangell. The United States government has planned for the construction of twelve new light-houses in Alaskan waters.

Seattle and Portland are again to be connected by a steamer line. Beginning some time this week the 750-ton steamer Chico, operated by the Seattle & Portland Steamship Co., will make regular trips between the two places. It is estimated that the sailing voyage will be made in thirty-six hours. Thus, allowing for all necessary waits at both terminals, the steamer can probably be scheduled to complete two round trips every week.

A New Westminster dispatch says that the dredge Edward VII. is now moored at the government wharf in that city. The operations on the sand bar opposite the city showed the machinery to be all working satisfactorily, and now a week or so will be occupied in covering up steam pipes and in putting on other finishing touches before leaving the hands of the contractors.

Ship Senator, lumber laden for Liverpool, was towed to sea on Saturday evening by the American tug Tyee, after many months' delay in port. Captain Morrisey is in command, and hopes to be able to complete the passage without further mishap.

Steamer Umbria arrived this morning from the Golden Gate with ten cabin and seven steerage passengers for this city, and a total number of 63 for all points of call. She brought for Victoria the usual consignments of freight, of which fruit formed the principal share. The steamer is a member of the line, which sails for San Francisco this evening, will probably not be seen in port again for several weeks, it being the intention to lay the ship off for a spell until she has been thoroughly overhauled and renovated. Her place will be taken by the Queen.

## ALCOHOLISM CAN BE CURED.

Rev. Father Quinlan's Opinion.

To whom it may concern: The good points of Mr. Dixon's new discovery for the cure of the liquor habit, in my opinion, are the following: First, if taken according to directions it completely removes all craving for liquor in the short space of three days; its use for a longer time is intended only to build up the system. Second, it leaves no bad after effects, but on the contrary aids in every way the health of the patient, whilst freeing him from the desire for drink. Third, the patient may use it without interfering with his business or leaving his home. All other liquor cures I have yet heard of are very costly, operate slowly, are doubtful as to effects and often impair the health and constitution of the patient. I therefore look upon the remedy as a real boon, recommended heartily to all concerned and bespeak for it here in Montreal and elsewhere every success. J. Quinlan, S. S., Pastor of St. Patrick's, Montreal.

## NOVEL READING.

Bishop Perrin Advises Young Men to Discard Trivial Books.

The Lord Bishop of Columbia Inducted Rev. F. H. Wimberly to the rectory of St. Ann's on Sunday morning at North Saanich. In the afternoon His Lordship delivered a most impressive discourse in Saanich church. Alluding to the too prevalent custom of youths throwing away all works of study for the more trivial novel, His Lordship condemned the practice as being detrimental to both body and mind, and earnestly advised the young to take hold of some more solid book and to master it and then, His Lordship added in solemn tone, "you will have something that will be of real value." His Lordship pointed out that in farming alone there was enough science involved to satisfy the most fastidious of learned men, and that the study of the science of farming would enable that profession. There was a large congregation, and judging by their attentive manner, His Lordship must have made a deep impression.

## CORKS FOR BOTTLES.

Corks for bottles were first manufactured in Spain and Italy, some time during the fourteenth century. Corkcraws were contemporaneous with corks.

**900 DROPS**  
**CASTORIA**

**Vegetable Preparation for Assimilating the Food and Regulating the Stomach and Bowels of INFANTS & CHILDREN**

Promotes Digestion, Cheerfulness and Rest. Contains neither Opium, Morphine nor Mineral. **NOT NARCOTIC.**

The Time used in Pacific Standard, for the 120th meridian West. It is counted from 0 to 24 hours, from midnight to midnight.

## A GREAT RAILWAY.

The Chicago, Milwaukee & St. Paul Railway owns and operates over 6,000 miles of thoroughly equipped road in Illinois, Wisconsin, Iowa, Minnesota, South Dakota, North Dakota, Missouri and the Upper Peninsula of Michigan.

It owns and operates all equipment in service on its lines, including Sleeping Cars, Parlor Cars and Dining Cars, maintaining an excellence of service unequalled on any railway in the world.

It has been a Pioneer in the North-west and West in the use of the block system in the operation of its trains, in the lighting of trains by electricity, heating by steam and many other progressive methods, which have added safety, comfort and luxury to travel. It is always the leader in that direction.

The Pioneer Limited Trains between Chicago, St. Paul and Minneapolis have the costliest and handsomest Sleeping Cars in the world and the best Dining-Car service.

Time tables, maps and information furnished on application to C. J. Eddy, General Agent, 134 Third Street, Portland, Ore.

Xmas goods arriving all the time. A selection from a very fine assortment of appropriate articles can now be made. See our immense stocks, Weller Bros.

The deepest coal mine in the world is the Lambert, in Belgium; one can descend 3,400 feet.

## BOTTLE BABIES

Bottle babies are so likely to get thin. What can be done? More milk, condensed milk, watered milk, household mixtures—try them all. Then try a little Scott's Emulsion in the bottle. It does for babies what it does for old folks—gives new, firm flesh and strong life. You'll be pleased with the result. It takes only a little in milk to make baby fat.

We'll lead you a little to try, if you like. SCOTT & BOWNE, Chemists, Toronto.

## Notice to Contractors.

Sealed, separate of whole, tenders, properly superscribed, as the case may be, "Tender for Substructure Fraser River Bridge," will be received by the undersigned up to and including 8th day of January, 1902, for the manufacture, erection and completion of the bridge in accordance with the drawings and specifications to be seen on application at the Lands and Works Department, Victoria, B. C., at the Government Office, New Westminster, B. C., and at the office of Messrs. Waddell & Hedrick, Consulting Engineers, New Nelson Building, Kansas City, Mo., on and after the 8th day of December, 1901.

Intending tenders upon application at any of the above named offices may obtain, upon payment of ten dollars, copies of the drawings and specifications for either substructure or superstructure, or twenty dollars for both.

Each tender must be made out on the form supplied, and must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada or National Bank of the United States, made payable to the undersigned, or by gold, in the sum of five thousand (\$5,000) dollars, which will be forfeited if the party tendering declines to enter into contract when called upon to do so.

The cheques or cash deposit, as the case may be, of unsuccessful tenders will be returned when contract is awarded.

The agreement on the form of tender to furnish a bond for \$50,000, or equivalent satisfactory security, for the due fulfillment of the work, must be signed by the tenderer and his sureties.

The Department is not bound to accept the lowest or any tender.

W. S. GORE, Deputy Commissioner of Lands & Works, Lands and Works Department, Victoria, B. C., 2nd November, 1901.

## NOTICE TO CONTRACTORS.

WESTMINSTER AND LADNER'S ROAD.

Sealed tenders, indorsed "Tender for Wagon Road," will be received by the undersigned up to noon of Monday, the 2nd December, 1901, for the construction of about 5 1/2 miles of wagon road.

Plans, specifications, forms of tender and contract may be seen on and after the 21st November, 1901, at the Government Office at Victoria, Vancouver and New Westminster, and also at the office of the Clerk of the Municipal Council, Delta.

Tenders will not be considered unless made upon the printed forms supplied for the purpose, and the agreement to execute a bond appended to the Form of Tender is duly signed by the Contractor himself and two other responsible residents of the Province in the penal sum of \$5,000, for the faithful performance of the work.

The lowest or any tender not necessarily accepted.

W. S. GORE, Deputy Commissioner of Lands & Works, Lands and Works Department, Victoria, B. C., 20th November, 1901.

## SEAMEN'S INSTITUTE.

STORE STREET, VICTORIA, B. C.

—OPEN FROM 6 P. M. TO 10 P. M.

The Institute is free for the use of Seamen and shipwrecked generally. It will supply with papers and a compass and lanterns may be sent here to wait ships. A parcel of literature can be had for outgoing ships on application to manager.

All are heartily welcome.

## Canadian Pacific Navigation Co. Ltd.

Time Table.—Effective October 15th, 1901.

ALASKA ROUTE.  
For Skagway direct, steamship "Amur," connecting with White Pass & Yukon route, leave Victoria Nov. 11th and 20th, Dec. 19th and 28th, and the following day from Vancouver.

VICTORIA-VANCOUVER ROUTE.  
Leave Victoria daily, 1 p. m.  
Leave Vancouver daily, 1:30 p. m.  
NORTHWESTERN COAST ROUTE.  
S. S. "Teesa."

Leave Victoria 11 p. m. 1st and 15th of month.  
Leave Vancouver 2 p. m. 2nd and 16th of month.

For Alert Bay, Port Rupert, Rivers Inlet, Kamsa, Bella Bella, China Hat, Looe Inlet, Skeena River, Metlakatla, Ft. Simpson, Nana River, and intermediate ports, calling at Bella Bella and Skeena once a month.

VICTORIA-NEW WESTMINSTER ROUTE.  
Steamer "Princess Louise."  
Leave Victoria Tuesdays and Fridays, 7 a. m.  
Leave New Westminster Wednesdays and Saturdays, 7 a. m., calling at Fraser River landings between New Westminster and Chilliwack.

NEW WESTMINSTER-CHILLIWACK ROUTE.  
Steamer "Beaver."  
Leave New Westminster Mondays, Wednesdays and Fridays, at 8 a. m.  
Leave Chilliwack Tuesdays, Thursdays and Saturdays, 7 a. m., calling at Fraser River landings between New Westminster and Chilliwack.

Steamer "Ritbit."  
Leave New Westminster 2 p. m. daily, except Sunday.

Leave Steveston Monday, Tuesday, Wednesday and Thursday, 7 a. m.; Friday, 6 a. m.; Saturday, 6 p. m., calling at Fraser River landings between New Westminster and Steveston.

WEST COAST ROUTE.  
Steamer "City."  
Leave Victoria 1st, 10th and 20th day of month, for Ft. Renfrew, Carmanah, Clifton, Rogers Cove, Ecola, Albert, Sechart, Uclulet, Clayoquot and Ahousat. For Cape Scott and intermediate ports on 20th day of each month.

This Company reserves the right to change this time table at any time without notice.

For particulars as to time, rates, etc., apply to nearest agent or  
W. H. ARBOTT, General Agent, Victoria, B. C.  
J. E. COYLE, Asst. Gen. Agent, Vancouver, B. C.  
H. H. ARBOTT, General Agent, Victoria.

FOR  
Hawaii, Samoa, New Zealand and Australia.

S. S. AUSTRALIA, for Tahiti, Nov. 20, at 10 a. m.

S. S. SIERRA, to sail Thursday, Dec. 5, at 8 a. m.

S. S. ALAMEDA, to sail Saturday, Dec. 14, at 2 p. m.

J. D. SPECKEL & BROS. CO., Agents, 643 Market street, San Francisco.

## THE NORTH-WESTERN

Fast Mail

THE NORTH-WESTERN LINE

Have added two more trains (the Fast Mail) to their St. Paul-Chicago service, making eight trains daily.

Minneapolis, St. Paul and Chicago.

This assures passengers from the West making connections.

The 20th Century train, "the fastest train in the world," leaves St. Paul every day in the year at 8:10 p. m.

W. F. PARKER, General Agent, 151 Yates Way, Seattle, Wash.

## "The Milwaukee"

A familiar name for the Chicago, Milwaukee & St. Paul Railway, known all over the Union as the Great Railway running the "Pioneer Limited" trains every day and night between St. Paul and Chicago, and Omaha and Chicago. "The only perfect train in the world." Understand! Connections are made with all Transcontinental Lines, assuring to passengers the best service known. Luxurious coaches, electric lights, steam heat, of a variety equalled by no other line.

See that your ticket reads via "The Milwaukee" when going to any point in the United States or Canada. All ticket agents sell them.

For rates, pamphlets, or other information, address, C. J. EDDY, General Agent, Trar, Pa., Agt., Seattle, Wash.

## Spokane Falls & Northern R'y Co.

Nelson & Ft. Sheppard R'y Co.

Red Mountain R'y Co.

The only all rail route between all points east, west and south to Roseland, Nelson and intermediate points, connecting at Spokane with the Great Northern, Northern Pacific and O. & N. Co.

Connects at Roseland with the Canadian Pacific R'y for Boundary Creek points. Connects at Meyers Falls with stage daily for Roselle.

Buffet service on trains between Spokane and Northport.

EFFECTIVE MAY 5th, 1901.

9:00 a. m. Spokane Arrive.  
12:30 p. m. Roseland Arrive.  
9:15 a. m. Spokane Depart.  
11:15 a. m. Roseland Depart.

H. A. JACKSON, General Agent, Spokane, Wash.

## NOTICE.

All mineral rights are reserved by the Pacific Coast Navigation Company within that tract of land bounded on the south by the south boundary of Ganges District, on the north by the Straits of Georgia, on the north by the 50th parallel and on the west by the boundary of the B. & N. Railway Land Grant.

LEONARD H. BOLL, Land Commissioner.

## THE White Pass and Yukon Route

Through Line From Skagway to Atlin, White Horse, Big Salmon, Dawson and Yukon River Points.

Special steamer makes regular runs from White Horse to Hootalinqua and Big Salmon mines.

Connections made at Dawson for all Lower Yukon river points, including St. Michael's and Nome.

Through connections made at Caribon with the Company's lake steamers for Atlin, Taku and Golden Gate mining camps.

WINTER ROUTE SERVICE.—During the Winter Season when Navigation is closed, Daily Trains will continue running between Skagway and White Horse.

A Through Mail, Passenger and Freight Service will be maintained by a thoroughly equipped Stage Line between White Horse and Dawson, with comfortable Road Houses at convenient points on route.

Through mail, express and freight service will also be maintained to Atlin.

J. H. GREER, Commercial Agent, 100 Government St., Victoria.  
A. R. NEWELL, Vice-President and General Manager, Seattle, Wash., and Skagway, Alaska.  
J. FRANCIS LEE, Traffic Manager.

## Str. Majestic

(Speed 16 Knots).

From 50c to \$10.00 each.

68-70 Yates Street.

#### COMMUNICATIONS.

##### MR. POTTS'S CANDIDATURE.

To the Editor:—The Dundas representative for Victoria is announced, Mr. G. A. Stewart Potts. Look at the initials, "G. A. S. P." He is the "last gasp" of the government, and if there is to be a contest he should be so styled. He is the last shriek for the flesh pots, and after the election meeting will be found in the "soup." Do you see the joke? The "Potts," the "Meat" and the "Soup." **END MAN.**

##### THE BRIDGE TENDERS.

To the Editor:—There is a letter in the Colonist of yesterday signed Victorian, which would not be worth answering if it were not for its technical character and liability to deceive those who are not familiar with such things. With reference to making the timber flooring of bridges impervious to rot by treatment, the statement is wrong. If the timber could be got to last long enough to perhaps double the time, as a matter of fact, however, the life of a bridge floor is generally determined by the wear and tear of horses' shoes, the wheels of vehicles, etc.

Five feet seems a small diameter at the top for cylinders of a bridge of this kind, but it would be more important to know what thickness the plates were, and were they filled up with a honey comb of piles and concrete to rot out in a few years' time. As to the parts of a bridge being right or adjustable, the present tendency amongst good designers is to do away with the adjustable parts. One can never tell when the adjustment is done, overdone or wanted to be done again. The writer of this letter does not know the difference between a floor beam and a bridge panel. He says "the panels in each span are stretched out to 12 feet 6 inches," evidently referring to the floor beam projection, and for a man who does not know the difference between a panel and a floor beam to criticize a bridge requires a great degree of self-confidence. Vic-

torian considers 24 feet wide to be wide enough for a bridge roadway that has to take the traffic of a 32-ton car. He is probably unique in this opinion, for out of those members of the general public who are discussing this question daily, the certain majority affirm the cardinal principle, that there should be no driving in the same compartment with a 32-ton car, and these people are certainly within the bounds of safety and common-sense.

The adding of another chord (the writer means truss) is nonsense, because evidently the middle truss would have to carry about twice as much as either of the others, and therefore impracticable. The Albion Iron Works did conform to the city specifications, which allowed any kind of design so long as the proper unit stresses of the specifications were adhered to, and it is quite likely that if all these plans were examined by a bridge engineer the plan of the Albion Iron Works will be found to conform to those unit stresses and to that class of construction called for by Theodore Cooper's specifications, more than any tender in possession of the city at the present time.

##### ONE WHO VOTES IN EVERY

##### A BISHOP ON EDUCATION.

To the Editor:—The Lord Bishop of Columbia rendered a service to the province when, on Sunday afternoon at Saanichton, he urged the youths after leaving school not to throw away all works of study, but to take hold of something more solid than the ordinary novel and to master it, and then in His Lordship's words, they would have "something of real value." These words might with advantage be printed in gold and hung up in every house, and are worthy to be brought before a larger audience than Saanichton affords, and that His Lordship's words may not be a voice crying in the wilderness, attention might well be called to the facts that notwithstanding the large sums of money spent on education, we are only getting half power from the educational machine. Imagine a manufacturer running his factory for

#### CLASSES FOR VOLUNTEERS.

They Are Now Ready for Members of the South African Contingents.

Lieut.-Col. Holmes, D. O. C., has received from Ottawa a general militia order which is of interest to all those Canadians who served in the South African campaign, and which he wishes all concerned to note.

It is to the effect that all classes belonging to members of the South African contingents and to members of Lord Strathcona's Horse have been received at the department at Ottawa, and will be issued at once to all who have received their medals and whose post-office address is known to the authorities. It is also requested that all officers, non-commissioned officers and men of Strathcona's Horse, who received medals from the King, should apply at once for the class, at the same time filing their post-office addresses.

The classes are supplementary to the medals, one being granted for each important engagement in which the men were engaged.

Applications may be sent either directly to the department at Ottawa or filed with Col. Holmes for transmission to Ottawa.

#### A VILLAGE BLACKSMITH SAVED HIS LITTLE SON'S LIFE.

Mr. H. H. Black, the well known village blacksmith at Grahamville, Sullivan Co., N. Y., says: "Our little son, five years old, has always been subject to croup, and so had the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus, and by giving frequent doses when the croupy symptoms appear we have found that the diseased crop is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by Henderson Bros., Wholesale Agents.

It has been proved, as the result of experiments, that the circulation of the blood is affected by music.

#### THE NEW CURE FOR CANCER

Permanently Cures Cancers, Tumors and Malignant Growths Without Pain or Danger.

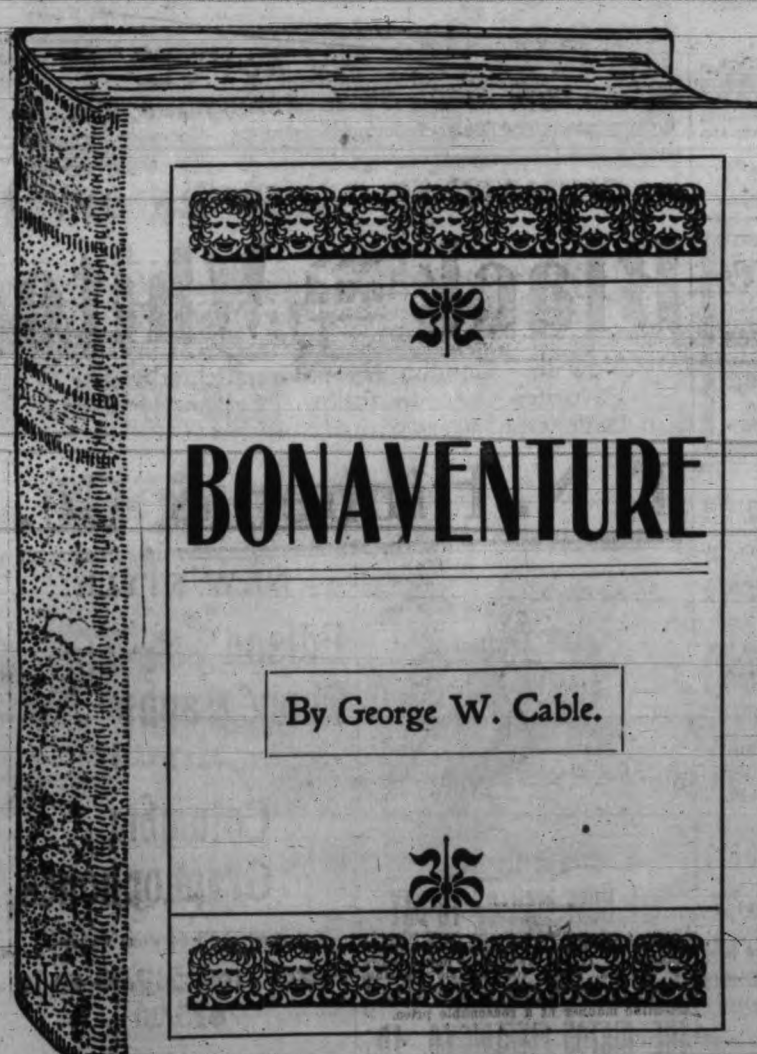

The new Constitutional treatment for Cancer and all malignant growths is a simple home treatment, pleasant to the taste, and while destructive to Cancer germs is perfectly harmless to the most delicate systems. It has entirely done away with dangerous operations and painful pastes and plasters.

For full particulars send two stamps to Stott & Jury, Bowmanville, Ont.

It has been proved, as the result of experiments, that the circulation of the blood is affected by music.

# A Dollar Saved is a Dollar Earned

## Two New Books To-Day.

## BONAVENTURE

By George W. Cable.

## Bonaventure

### The Splendid Spur

By George W. Cable (author of "The Grandissimes"). A romance of Louisiana told in the most beautiful language.

## 12 Great Novels Now Ready

Copies can be secured while the edition, which is limited, lasts, at the regular rate, 25c. each (or 30c. prepaid). You can't make any mistake in ordering any or all of the titles listed, as the books are uniformly well written, well printed and well bound. They make an ornament to any library and are an ideal holiday gift in the form of a complete set. The various titles have been so much talked of during the past summer, and so much has been printed in the daily press about them that one will feel at a disadvantage when discussing the popular topic of books if unacquainted with the stories made famous in this edition.

Hundreds of thousands of people all over America have purchased and are now singing the praises of "SIMON DALE," by Anthony Hope (author of "The Prisoner of Zenda"), and "A FAIR BARBARIAN," by Frances Hodgson Burnett. Don't wait until the sale is over or you will have to pay \$1.25 each for them.

## Book Voucher.

Put cross before names of books wanted. OFFERING THIS WEEK.

### Bonaventure—Geo. W. Cable.

TRIAL OF ELDER  
BROOKS COMMENCEDEVIDENCE ON CHARGE  
HEARD THIS MORNINGThe Elder Pleads Not Guilty to the  
Charge of Manslaughter—Unre-  
sented by Counsel.

Elder Eugene Brooks, of the Zionite church, was arraigned in the Supreme court this morning, before Mr. Justice Drake, on a charge of manslaughter in connection with the deaths of the two Rogers children. There were four counts in connection with the death of each of the two children, three each under the Criminal Code and one each under the Common Law.

The prisoner was unrepresented by counsel. Deputy Attorney-General McLean appeared for the Crown. The prisoner pleaded "not guilty," and Mr. McLean then filed the evidence of the elder in the Brooks trial as admissions. Stenographer Gilbert took the box, and read the deposition of the accused on that occasion.

After the reading of the deposition defendant was asked if he had any questions, and replied negatively. William Wrathall, night clerk in the C. P. R. office, was then called to the witness box. He testified to having received a message known to the court as exhibit No. 3, and dated September 3rd. He received it about 10 o'clock on the night of that date. The message was addressed to Dr. Dowie, Chicago, and asked that that divine pray for the patient. Defendant acknowledged having sent the telegram.

John Rogers was next called. He lived at No. 22 Seymour street. The time his little girl was sick. On the 3rd of September there were six members in his family. His eldest son was a little past eight and the baby a little over six months old. Illness broke out about three weeks before the death of the little girl on the 4th of September. The little boy took sick first and complained of sore throat. His wife afterwards complained, and then the others took ill. He was of the opinion that the sickness was either diphtheria, bronchitis or lung trouble, but towards the last was inclined to believe that the disease was diphtheria. Witness sent for the defendant on September 3rd to pray for the little girl, but the accused had been there before. Witness had not administered any medicine. He did not do so because he had no faith in physicians or drugs, considering it wrong to employ either. It was not because he was too poor to employ them. Witness was a member of the Christian church for about 18 months.

Mr. McLean—"Did you ever hear the defendant preach against the use of drugs or stimulants?" Witness—"Yes."

Mr. McLean—"Mr. Brooks is one of those who led you to follow the course you adopted in respect to the treatment of the children?" Witness thought that he was. Brooks, after sending off the telegram, had returned to his house and remained there all night. Mrs. Malby had come about 10 o'clock, and stayed for a while, returning to the house after the child died. Mrs. Brooks had also come about the time the child died. Accused had done nothing more than pray for the little girl. Sometimes the defendant placed his hands on the head of the child and sometimes he did not. Witness was not present at the death of his second child. Defendant then asked if Mrs. Brooks was present after or before the relapse of the child.

Witness—"I think she was in the house."

Mrs. Rogers was the next witness. She was the mother of the little child who died. She was opposed to using drugs or employing doctors. She had been converted to Christian Science church by reading Leaves of Healing and by hearing the accused preach. On one occasion prior to her little girl's death Elder Brooks had told her it might be diphtheria. Witness did not fear the disease, although knowing from what others told her that it was dangerous. She realized that about five minutes before the end came that she was dying. She did not know that the little boy was bad until the morning that the little girl died.

Mr. Brooks—"What reason had you for believing that God would heal?"

Witness—"He had healed in a case of measles, of scarlet fever and in the case of the eldest boy."

Mr. Brooks—"The words were put in your mouth that you were converted to Christian faith by my preaching."

Witness replied that she had been converted from reading the Leaves of Healing and from hearing the accused and others preach.

W. J. Hanna, the undertaker, testified of having been notified of the death by Elder Brooks and of his having been told by his informant that it was a case of diphtheria. He had notified the authorities of the case.

An adjournment was then taken until 2 o'clock this afternoon.

CLOSING SESSION OF  
S. S. ASSOCIATIONElection of Officers for the Ensuing  
Year—The Final Meeting Held  
Last Evening.

The convention of the British Columbia branch of the International Sunday school Association held its closing session yesterday evening at the First Presbyterian church, there being a good attendance. The convention, all through has been most successful in establishing between the different Sunday schools of the city and other points common bonds of interest which cannot fail to have a beneficial effect on all Sunday school work in the province. The different addresses given by the Rev. W. C. Merritt, secretary of the Washington State Sunday School Association, were not only interesting and attractive, but most instructive, and all who heard him give an address went away with a better idea of what the Sunday schools are striving for. On Saturday evening there was a fair attendance at the meeting. N. Shakespeare, the president, as usual, presiding. Wm. Gregson led a service of song after which Mr. Shakespeare conducted the opening exercises. A paper was read entitled "The Sunday School, the Churches' Opportunity." This was discussed with enthusiasm, and those present generally concurred with the views expressed by Mr. J. M. Campbell in his address. Two other papers were also read, one by George Carter on "Decision," and the other by Horace J. Knott on the "Home Department." These were much appreciated and were freely discussed.

The business of the annual election of officers then occupied the attention of the convention. Mr. Shakespeare, the president, did not wish to stand for re-election, stating that he would rather retire and give another the opportunity of taking the onerous duties of president of the association. This caused a great deal of discussion, and those present unanimously requested Mr. Shakespeare to reconsider his decision. On this persuasion he did not stand for re-election to that office. The other officers chosen were as follows:

Vice-President, Mr. McQueen, Vancouver; secretary, Mr. H. J. Knott, Victoria; treasurer, Mr. A. Huggert, Victoria; committee, John Weston, Victoria, J. A. Lewis, Victoria, Geo. Carter, Victoria, R. B. McKelvie, Victoria, H. Northcote, Victoria, F. W. Martindale, Nanaimo; J. C. Brown, New Westminster; D. Birks, Rossland; D. Proctor, Kamloops; Mrs. A. Stocks, Nelson.

The mass meeting last evening as mentioned was well attended. The Rev. J. T. Vichet gave an excellent address, which was much appreciated, after which A. Huggert, chairman of the resolution committee, read his report, which was adopted. The address of the Rev. W. C. Merritt was then delivered. As usual he was much appreciated for his engaging mannerisms, and his interesting and instructive address. On the completion of his speech paper was passed around on which any desirous of asking questions wrote what they had to say. These were afterwards gathered up and answered by the Revs. W. C. Merritt and Vichet. The convention closed in the usual way.

THANKSGIVING SERVICE.  
Special Services Provided in the St.  
Andrew's Presbyterian Church  
on Sunday.

Thanksgiving services were held in the St. Andrew's Presbyterian church on Sunday. Large congregations were present morning and evening. At the former the children of the Sunday school took part. They were assembled in the front of the church, and joined in the singing. A special programme of music on which Miss Ethel Green, Mrs. G. J. Burnett, F. Waddington and H. J. Cave were the soloists was provided. In the evening attractive music was also furnished, the choir being one of the strongest heard in the city for a considerable time. Miss M. Murray, F. Waddington and A. T. Goward contributed solos, while the choir, with G. J. Burnett presiding at the organ and Herbert Taylor leading, were heard to good advantage, being strong, well balanced and under good control in chorus.

Rev. W. Leslie Clay's plenary remarks were in keeping with the event. Preceding his address by pointing to the omnipotence of God, he stated some of the reasons why all should be thankful and why provincially and nationally there was reason to be grateful. His remarks had been so beautiful that the wealth of the land was overflowing to other lands. There had been complaint in our mining industry, but he saw no reason to feel miserable with those who complained. So long as four stakes in the earth and some glittering piece of quartz in a window was all that was done towards developing rich resources, what else could be expected but disappointment. There had been too much speculation. It might also be said by some that nationally there was disappointment because of an unsatisfactory increase in population, but he thanked God for this. It was not in the multitude, but in the character of the people of a country that a nation was strong. Canada's sons had the fact that the great Northwest and the other unsettled parts were not filled with hosts from different parts of the world until the nation had become strong enough in itself that the character of those who come may be assimilated with that here to be found.

Witness—"I think she was in the house."

Mrs. Rogers was the next witness. She was the mother of the little child who died. She was opposed to using drugs or employing doctors. She had been converted to Christian Science church by reading Leaves of Healing and by hearing the accused preach. On one occasion prior to her little girl's death Elder Brooks had told her it might be diphtheria. Witness did not fear the disease, although knowing from what others told her that it was dangerous. She realized that about five minutes before the end came that she was dying. She did not know that the little boy was bad until the morning that the little girl died.

Mr. Brooks—"What reason had you for believing that God would heal?"

Witness—"He had healed in a case of measles, of scarlet fever and in the case of the eldest boy."

Mr. Brooks—"The words were put in your mouth that you were converted to Christian faith by my preaching."

Witness replied that she had been converted from reading the Leaves of Healing and from hearing the accused and others preach.

W. J. Hanna, the undertaker, testified of having been notified of the death by Elder Brooks and of his having been told by his informant that it was a case of diphtheria. He had notified the authorities of the case.

An adjournment was then taken until 2 o'clock this afternoon.

## LEGAL NEWS.

In Chambers this morning, before the Hon. Mr. Justice Drake, the application of T. P. Browne, a contributory of the Vancouver Island Building Society, for leave to examine J. M. Head and B. Williams, president and secretary, respectively, of the society, regarding certain alleged acts of misfeasance by them in their official capacities, particulars of which charges have already appeared in the Times, came up for hearing.

P. Higgins appeared for the applicant, stating that the application was made under sub-section 17 of section 23, and section 24 of the "Companies Winding-up Act, 1898." The liquidator had failed to take the proceedings mentioned in section 23, although duly required so to do, and these proceedings were thereupon instituted by Mr. Browne, whose affidavit in support of the application he proposed to read.

L. P. Duff, K. C., briefed for Messrs. Mason & Bradburn, on behalf of the liquidator, stated that his clients contended that there had not been neglect or delay on the part of the liquidator in complying with the requirements mentioned in section 24, as the liquidator was engaged in checking over the vouchers of the company, and could take no steps until the audit was complete. He applied for leave to cross-examine Mr. Browne upon his affidavit before the latter could be read, and the application was thereupon adjourned until to-morrow, Mr. Browne to be cross-examined in the meantime.

Applications in Fisherman's Canning Co. vs. Wing On, for leave to sell land, and in Macdonald vs. Macaulay Bros., to fix day of trial, were stood over until the 29th instant.

A motion in a partnership action, Bacham vs. Milne, for a receiver, and another motion in a counter action between the same parties, were stood over upon the application of A. L. Belyea, K. C., acting for the plaintiff, for liberty to cross-examine upon an affidavit. Mr. Cassidy, K. C., for the defendant, applying for and obtaining leave to read such cross-examination in both actions if desired, proceedings in both actions being stayed in the meantime.

The inquiry in Re vs. Reay et al is being proceeded with before the registrar.

AN OPEN LETTER.  
To Whom It May Concern:

I have to say that I have been a sufferer from rheumatism over 30 years. My whole body and my joints get stiffened up sometimes so bad that I cannot walk without support, and the pain moves from one place to another all the time, and I cannot sleep at night. The pain is so severe it keeps me awake all the night. I have tried all kinds of medicine, unaided by the help of doctors, and the result is I feel no benefit from them all. After 30 years' suffering I saw about nine days ago an advertisement in the Evening Times of what they call the Chinese Root cure, and that Mr. Cuyon was giving it free of charge, and I went to see Mr. Cuyon at his office, and he said about five packages will cure me entirely. Nine days ago I began to use his remedy. I felt a wonderful change in three days. The result is now I feel no rheumatism whatever, and I sleep soundly all night, and no pain whatever, no stiffness whatever, and not only clear from my rheumatism, but much better in my general health.

Those who are sufferers may call and interview me. I will explain my case to all, and I can highly recommend the Chinese Root Cure for Rheumatism.

MRS. E. JOHNSON,  
114 Oswego St.,  
James Bay,  
Victoria.

E. Canyon, office, 138 Government St., corner Johnson Street.

## Personal.

W. L. McKenzie King, deputy minister of labor, and editor of the Labor Gazette, arrived in the city on Saturday night. He has just come from Rossland, where he has been looking into the labor dispute. He is making a close study while in the province of the various labor questions which have come up here. He conferred with a number of labor representatives to-day, and will visit Nanaimo and possibly Extension to study the situation at those places.

F. M. Jeffrey, of the firm of Austin & Jeffrey, of Seattle, is in the city in connection with the suits for damages which are being instituted by American claimants against the C. P. N. Co. in connection with the loss of the Islander.

A. S. Munro, P. G. Shalleross, Dr. I. W. Powell, W. M. Brewer, J. L. Beckwith, C. H. Gibbons, J. C. Pendray and A. E. McPhillips, M. P. P., were among the passengers from the Mainland last night.

J. Grimmeron, formerly purser of the steamer Joan, but now of Nanaimo, is making preparations to move to Victoria. He will be engaged in the head office of the R. & N. in this city.

Gordon A. Starr, an old and well known resident of Brockville, Ont., and Mrs. Starr, arrived in Victoria on Saturday with the intention of making their home here.

Edgar Sands, of the Vancouver News-Advertiser staff, came down on Sunday night's charter to spend a few days in the capital.

Mrs. F. D. Little and family, well known residents of Cumberland, are moving to this city, where they will reside during the winter.

PICKING THE NOSE is a common symptom of worms. Mothers, who suspect their child is troubled with worms should administer Dr. Low's Worm Syrup. It is pleasant, safe and effective.

## Householders' Qualification.

For the convenience of the public who desire to qualify under the "Householders' Qualification" as voters at the ensuing Municipal Elections for the year 1902, the office of the Assessor at the City Hall will be kept open each evening of this week from 7 o'clock to 9 o'clock (except Thursdays), and also Monday evening, the 2nd of December.

WM. W. NORTHCOOT, Assessor.

## FLOCKMASTERS' DINNER.

Annual Function Was Held at Duncans on Saturday.

The annual dinner of the Flockmasters' Society was held on Saturday evening last at the Quancham hotel, Duncans, the chair being taken by the Lieut. Governor, Sir Henri Joly de Lotbiniere. Among those present besides the Governor were the Hon. J. W. Prentice, M. P. P., Hon. D. M. Eberts, M. P. P., and Messrs. Hayward and Major Mutter, the president of the society. After the banquet the president proposed the toast of the "King," which was responded to enthusiastically. "Her Majesty the Queen and the Royal Family" was enthusiastically responded to by Capt. Bartlett, speaking for the navy, Lieut. Thomas for the army, and Sgt. Bodley for the volunteers. All made able addresses.

A song was then sung by J. Hook entitled "The Hearts of Oak." The next toast was "His Majesty's Ministers of Canada and the Members of the Dominion Parliament." This was answered to by John Evans, reeve of Cowichan. H. Evans sang "Britannia the Pride of the Ocean," and a quartet, "The Government of B. C. and Our Provincial Parliament," was very well received. It was responded to by the Hon. D. M. Eberts in an excellent address. W. H. Hayward, M. P. P., also responded to this toast. St. Drummond gave a vocal selection. The toast, "Agriculturists of Vancouver Island and British Columbia," was proposed, and answered by the finance minister, Hon. Mr. Prentice, and the deputy minister of agriculture, J. R. Anderson. After a song by Mr. Norcross entitled "Simon Keeps a Store," the Vancouver Island Flockmasters' Association was toasted amid much enthusiasm. "Major Mutter, president of the society, and W. H. Hayward responded. A song, "Because I Love You," was rendered by Geo. Mutter, after which a toast, "The Mining Industry," was proposed and answered to by H. Smith and T. A. Wood.

A toast to the "Municipality of North Cowichan" was proposed, and, needless to say, responded to cheerfully. "The Ladies" and many other toasts were given with great enthusiasm before the close of the banquet.

## CONSIGNEES.
